The goal of the Entergy Charitable Foundation (ECF) is to support initiatives that help create and sustain thriving communities. ECF has a special focus on low-income initiatives as well as educational and literacy programs.

**Low-Income Initiatives & Solutions**
The Foundation seeks programs that provide for innovative and measurable ways to positively impact families and their ability to support those most vulnerable, the children and the elderly.

**Education & Literacy**
When people are geared with knowledge, they become more effective within their communities. Educated, critically thinking citizens make the community as a whole more powerful. One of the key issues in combating poverty is eliminating illiteracy.
