The Jackson State University College of Education and Human Development is scheduled for an NCATE visit on November 15-17, 2015 for a reaccreditation review by the Council for the Accreditation of Educator Preparation (CAEP), formerly known as the National Council for the Accreditation of Teacher Education (NCATE).

As one of the requirements for reaccreditation, JSU welcomes public comments on the quality of the educational programs offered in the College of Education and Human Development. We value your comments and recognize that all comments are valuable and are a contribution to continuous improvement in the quality of education that we provide to prepare teachers and administrators.

We welcome community agencies and leaders, citizens, students, graduates, parents, stakeholders, and interested parties to submit a letter of testimony on the quality of education in the JSU College of Education and Human Development.

Comments must address substantive matters related to the quality of professional education programs offered, and should specify the respondent’s relationship, if any, to the institution (i.e., graduate, present or former faculty member, employer of graduates). Copies of all correspondence received will be sent to College of Education and Human Development for comments prior to the review. Each letter should include the name of interested party commenting on the programs. No anonymous testimony will be considered. Send letter of testimony to the following address:
