**How Has The Career Services Center Helped You?**

The Career Services Center has helped me by instantly providing me with information on jobs, internships, and even higher education programs. Without Career Services I would have missed out on tons of information that is needed to jumpstart my career.

**Advice For Other Students:**

When searching for a job never limit yourself. Have a variety of jobs in mind because they all offer something different and some could be more beneficial than others. Once you have started your career be innovative and create bigger and better additions.

**Career Goals:**

My Career goals are to ultimately become a Juvenile Court Judge after spending several years in specialized units. Also, I plan to own a host of businesses dedicated to leisure and recreation.
