How Has The Career Services Center Helped You?

The Career Services Center has contributed towards my professional development by providing opportunities for interviews and strategies to self market myself to potential employers. With these skills I have become more confident in my ability to present myself when interacting in professional environments and was able to secure my internship with Nissan North America.

Advice For Other Students:

The career advice I would give other students would be that perseverance and dedication are key when pursuing your career. All a person needs is one 'yes' to launch their career.
