How Has The Career Services Center Helped You?

Career Services helped me by critiquing my resume and introducing me to the Career Diversity Marketplace Summit, which helped me meet many of my peers in the DMV area and other HBCUs.

Advice For Other Students:

Apply to what interests you. Never give up by thinking you are too young or inexperienced; let THEM tell you no before you do. Think BIG. Don't be afraid of traveling. Move wisely, don't waste time, and enjoy the scenery when things slow down.

Career Goals:

In the next 12 months, I will be a Certified Public Accountant at Grant Thornton. In the next 5 years, I will be an experienced CPA, preparing to become a manager. At the 5 year mark, I will conduct a career evaluation.
