Organization Name & Location:

Phi Theta Kappa Honor Society in Jackson, MS

How Has The Career Services Center Helped You?

The career services center has helped me greatly by preparing me for the future interviews that I received. Just the early start of practicing for interviews, reviewing resumes, or being called for interviews shows how much the career service center cares about students advancing in their career.

Advice For Other Students:

Be thankful and be patient. Being thankful where you are will make you appreciate where you go in the long run. Always know that your time to shine will eventually come, and practice makes perfect! All the jobs I didn't receive prepared me for the job I have today!

Career Goals:

A current short term goal is to get my CPA license. A long term career goal is to make a difference and be the difference for what ever organization I work for. Ultimately, I hope to allow people to see Christ working through me while working in the career I love.
