Major: Bachelors in
Industrial Technology

Graduation Date: May 2009

Hometown: Clinton, MS

Position:

Co-founder

Organization Name & Location:

Solace Media
Richmond, TX

How Has The Career Services Center Helped You?

I had the extraordinary privilege of working at the Career Services Center. Mr. Gene Blakley was my supervisor when I started back in 2004 and Mrs. Lashanda Jordan was the director when I finished school. They treated me with dignity and respect and supported me throughout my time as a student. Dr. LaVenita Cottrell was tremendous in helping me by reading my resume and suggesting edits that would make my skills stand out to potential employers. As a result of the support I was given by all the people mentioned above I was able to find jobs and learn how to be professional in my career.

Advice For Other Students:

The advice I can give for my fellow students is to trust the staff at the CSC and be open when they suggest changes to your resume to help you make it better. And don't just get their recommendations one time, but keep visiting them time and again and keep tweaking your resume based on the job you are going to apply to. This will help you be involved in the process of writing your resume and acquire skills to be able to apply for jobs that you can excel at!

Career Goals:

My career goal as the co-owner of Solace Media is to employ 50 full-time employees in 10 years and provide job opportunities to people that are really seeking and good at what they do. And also take care of my employees and not just treat them like they're mere assets but people that deserve respect and guidance in life.
