

**Jackson State University  
Mathematics/Engineering Fair  
2008 Individual Written Exam Competition**

1. The Individual Written Exam will cover the following topics: Algebra, Geometry, Trigonometry, and Introductory Calculus.
2. No Calculators may be used during the individual written exam.
3. No books, websites, notes, or other references may be used during the individual written exam.
4. Use of visual aids is allowed for participants with a visual handicap. Please contact the Fair Director for any prior arrangements.
5. The Individual Written Exam will consist of 40 multiple choice questions, and will last 60 minutes.
6. During the individual written exam, there will be absolutely no communication between students from the time the exams are handed out to the time the answer sheets are collected.
7. Proctors will give 5-minute and 1-minute warnings.
8. At the end of 60 minutes, students must submit completed official answer sheet and test paper to the Proctor.
