TEACHING AND OTHER PROFESSIONAL EXPERIENCE

Professor of Economics (1998 - present); Associate Professor (1993 -1998); Assistant Professor (1989 -1993), Department of Economics, Finance and General Business, Jackson State University, Jackson, MS.

Teach several courses in the undergraduate, MBA and Ph.D. programs in the College of Business.

Editor, *Business and Economic Review*, a national journal published by the College of Business.

Editor, *Journal of Social and Behavioral Science*, a national journal published by the Association of Social and Behavioral Scientists.

Founder and Director, Jackson State University College of Business Five for Five Fundraising Campaign

Advisor, Student Economic Development Society

Advisor, Omicron Delta Epsilon, International Honor Society in Economics

Advisor, COGIC Collegiate Club

Director, Center for Business Development and Economic Research, Jackson State University, Jackson, MS, August 1991 - 1998.

Managed, staffed, and planned for the three units of the Center: Bureau of Business and Economic Research, Small Business Development Center, and the Home Ownership Opportunities Program.

Initiated, coordinated and wrote proposals for external funding.

Recommended research policies and procedures for the distribution of external funds.

Devised and administered programs which helped faculty members to develop professionally and to improve instructional skills.

Provided research support and technical assistance to government agencies and businesses in the Jackson Metropolitan area.

Enhanced the capacity of School's faculty to compete for funded research projects and act as a catalyst for increasing faculty research productivity.

Editor, *Business Research Symposium*, School of Business, Jackson State University.

Staff Manager, Marketing Service Organization, Regulatory Flexibility and Policy Analysis, AT&T, Basking Ridge, NJ, 1990.

Developed research reports on economic issues related to AT&T's efforts to obtain lessened regulation in the federal jurisdiction. These reports were used to educate stakeholders and contract managers about issues and provided those managers with the appropriate information to give their stockholders.

Reviewed comments and wrote summaries of the parties in the Federal Communications Commission's (FCC) reduced regulation proceeding (CC Docket No. 90-132).

Assisted in the development of AT&T's reply comments to the FCC by investigating 800 number portability.

Economist, U.S. Department of Commerce, Bureau of the Census, Washington, D.C., 1989.

Responsible for planning and developing centralized programs and processes for the quinquennial Censuses in the business fields of Wholesale Trade and Transportation.

Developed economic profiles for industries and geographical areas; based on these profiles, planned methodologies for collecting, editing, and analyzing data.

Evaluated economic data from Administrative Records sources and developed procedures to ensure their effective use in Census processing and analysis.

Research Fellow, Department of Economics, Howard University, Washington, D.C., 1986-1989.

Modeler on a complex urban simulation modeling project funded by the U.S. Department of Transportation.

Assisted in the design and development of a computer-based planning model.

Played a major role in determining the best way of gathering through a complex research chain, key parcel level data.

Economist, U.S. Small Business Administration, Washington, D.C., 1987.

Responsible for writing a report for transmittal to Congress required by the Department of Defense Authorization Act, 1987 (Public Law 99-661).

Formulated and guided projects and research studies on problems involving procurement assistance programs.

Received the SBA Superior Performance Award.

Economist, U.S. Department of Treasury, Internal Revenue Service, Washington, D.C., 1986.

Conducted a study on the impact of Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) and the Interest and Dividend Tax Compliance Act of 1983 (IDTCA) on bad or no Taxpayers' Identification Numbers (TINS).

Provided analysis and consultation in the field of economics and conducted preliminary review of proposals.

Research Fellow, Department of Economics, Howard University, Washington, D.C., 1983-85.

Primary analyst on a government project funded by the U.S. Department of Transportation.

Participated in interviews with developers and others involved in the station site development.

Coordinated data collection and report writing for three research assistants.

Research Assistant, Department of Economics, Howard University, Summer 1983.

Key modeler on a project that the Department of Economics conducted for the U.S. Department of Housing and Urban Development.

Estimated the price and income elasticities of the residential demand for home heating fuels from the extremely complex and detailed Annual Housing Survey data set.

Key person in constructing variables, estimating various functional forms using statistical packages on the mainframe computer, and in the final computations of the results.

Teaching Assistant, Department of Economics, Howard University, Washington, D.C., 1982-1983.

Prepared reports on various research proposals which involved economic data gathering and analysis; responsible for teaching and tutoring undergraduate students in money and banking, economics of decision making and principles of economics.

Research Assistant, Department of Economics, Howard University, Washington, D.C., 1981-1982.

Assisted in the development of a new departmental library by constructing a new card catalog system and ordering material needed to update the library.

Collected data for the professor assigned for various research papers and tutored undergraduate students in principles of economics.
