PREFACE

The *Jackson State University Fact Book* is an annual publication of the Office of Institutional Research and Planning. This document is an update of factual information which is designed to assist administrators, faculty, staff and other University constituents with statistical references about the institution. It assembles under one cover comparable information across a five year period.

The data collected and reported in the Fact Book is the official data for the University. As with any statistical data, these contained in the Fact Book are a snapshot of a single point in time. Every effort has been made to include within this publication the data most often requested. We invite the users of this book to freely comment on what data they would like to have included in the future.

Your comments and suggestions will be appreciated as the Office of Institutional Research and Planning attempts to produce a document that meets the needs of the University community.
