Dr. Meghanathan,

It is my pleasure to invite you to visit us in Department of Electrical Engineering at University of Mississippi on March 25, 2015. Your visit will include discussion of research details and progress of an ongoing NASA EPSCoR project we are collaborating on, as well as discussion of other collaboration opportunities in the future. We also invite you to give a presentation in data fusion to our graduate students in telecommunications from 4:00pm to 5:00pm.

We look forward to seeing you in Oxford, MS soon. Please let me know if there is anything that we can help for your visit here.

Sincerely,

Lei Cao, PhD  
Associate Professor  
Department of Electrical Engineering
