Welcome from the President of Jackson State University

Welcome to the Jackson State University Family! We are so proud that you selected our great institution for this milestone in your life. Our outstanding faculty and staff are committed to providing you with a quality education and helping you prepare for careers in teaching, business, liberal arts, public health, science, engineering, and technology. Today, you join almost 10,000 students who are taking advantage of Jackson State University’s diverse programs and courses and enjoying some of the finest academic and student-centered facilities in the country.

Jackson State University has a distinguished history and builds on this history through the development of innovative and twenty-first century programmatic activities. The University provides the opportunity to take courses online or face-to-face; a robust community service/service learning program; and, a full complement of other undergraduate academic and student affairs programs.

In 2012, the iPad initiative was launched to equip freshmen with iPads to aid in learning. You will also receive iPads to support your learning. The library has been repurposed to house our Cyber learning innovations where students and faculty use technology as a learning tool. Our outstanding faculty represents many cultures and will share their expertise, experiences, and talents from home and abroad.

We salute your parents and friends who have entrusted you to the administration, faculty, staff and students at JSU. We welcome you our graduating class of 2021 and wish you a successful, productive and enjoyable year. You are now part of the family of ONE JACKSON STATE!

Sincerely,

Dr. William B. Bynum, Jr.

Dr. William B. Bynum, Jr.
President
Welcome from the Provost and Vice President for Academic Affairs

It is my pleasure to welcome you to Jackson State University (JSU). Our efforts as an academic community are ultimately about learning and discovery in the fullest sense. Our aim is to prepare ourselves and each other to be productive, responsible, accountable global citizens with the ability and inclination to contribute to the “work of the world.” The dedicated faculty and staff at JSU seek to provide a compelling and vibrant student-centered research university. The University has chosen “One JSU: Committed to Excellence” for its theme this year.

While our focus is especially on nurturing and teaching our students, our broader commitment is to create a community atmosphere that celebrates diversity and respect while encouraging understanding, learning and integrity. At the University our role is to create learning — ensuring our academic community doesn’t become complacent, but rather remains committed to innovation, creativity, and sustaining a “can do” approach to the challenges confronting us and the world.

The area of Undergraduate Studies and CyberLearning provides consistent, high-quality and appropriate academic advising, monitoring, mentoring, nurturing and coaching to ensure your academic and personal success. We believe that with all of the support services available, including tutoring, no student should earn any grade below a B. Even so, your academic success depends on how well you take responsibility for your own education, including taking initiative to achieve academic excellence. If you are a first-time freshman, Undergraduate Studies will be your academic home away from home for the next two years. If you are a transfer student, this is your academic home away from home for the next eight weeks to one year.

You have come to Jackson State University. When you step outside of the studio or lab or classroom, not only will you discover a campus that is teeming with activities—student organizations, clubs, athletics, exhibitions, performances, community service programs—you will find the whole city of Jackson at your doorstep. The courses you will take and the professors you will get to know enliven, and are enlivened by, the rich and vibrant culture of the university and the great city around us. I urge you to immerse yourselves in the unrivaled wealth of culture and activities you will find. Your experiences are part of your education—not in addition to it—and essential to your discovery of how to take your new knowledge, interests, passions, and skills into the life you live in the world.

I want you to know that the entire University community is here to support, sustain, and encourage you as you commit to study at JSU. We could not be more privileged to welcome you into this vibrant learning community. It is you who make us what we are, and we look forward to the fresh ideas and energy you bring to our campus. I speak for the entire faculty, staff, and student community of Jackson State University in saying we are so happy you have made the decision to join us. Welcome!

Sincerely,

Welcome from the Associate Provost for Student Affairs

Welcome to the Class of 2021!

On behalf of the Division of Student Affairs, I take great pride in welcoming you to the Jackson State University family. Your experience here at Jackson State will involve so much more than just classes. The Division of Student Affairs is here to provide you with an abundance of support that will help you get started, get adjusted, get involved, get your degree, and most importantly, get on the road to fulfilling your dreams. We understand that you are a unique individual with distinctive needs. As such, we will offer you personalized attention from caring professionals that are dedicated to helping you complete your academic, career and personal goals.

Coming to college is a big step and we recognize the investment this requires as a student and as a parent or family member. Students often face challenges which may overwhelm or confuse them as they encounter periods of growth, self-reflection, and independence. Parents and family members can often make such obstacles easier to overcome. The Division of Student Affairs is committed to working with you so that your experience will be wholesome.

Because we are committed to your success, you will find that there are countless numbers of opportunities for you to engage in campus life at Jackson State University. You can be certain that each and every campus activity is aimed at providing you with yet another occasion for self-discovery, personal growth, and holistic development.

The Student Affairs staff will do its best to make Jackson State a place where creative and intellectual experiences, of lasting importance, continue to be the norm for every student, but we will count on you to help us reach that goal. There are countless ways to make good use of your time at Jackson State, but they all begin with curiosity, a willingness to meet new people and try new things, and a desire to make your mark. Let us help you do that.

We look forward to getting to know you as the years unfolds.

Sincerely,

Susan E. Powell

GREETINGS F.A.M.I.L.Y.!

Welcome to Jackson State University, “Our dear old college home.” I can recall my first time on campus. As a freshman, the joy, passion, and excitement I felt attending Mississippi’s only urban university was visible in many ways. Even more, I began to develop a solid sense of understanding with respect to the history of my dear old college home. Yet, as a native of Canton, MS, I knew it was time to transfer my visible appreciation for Jackson State University into something more tangible, effective, and transparent. As a mathematics major, I was given the opportunities of researching as a scholar for both the Progress in Integrating Technology in the Teaching and Learning of Mathematics and Expeditions in Training, Research and Education for Mathematics and Statistics through Quantitative Exploration of Data (Extreems-QED). I was also able to become a member of Pi Mu Epsilon Mathematical Society in the Mathematics and Statistical Sciences Department. As Miss Jackson State University, I serve as a representative for you. As it relates to my vision for the future of my dear old college home, I want to instill in you the importance of standing with others and relying on your neighbor in the time of need. It seems our communities are not only facing crises that affect our friends, family, and youth, but somehow we have dismissed the importance of working together in an effort to become successful. While my university has taught me the value of utilizing my resources to help others find their way, my solution to resolving our community’s most challenging hardships is: Project F.A.M.I.L.Y. - Forming Alliances while Maintaining Individualism and Leading our Youth. This platform will serve as a voice for those in need. Thanks to your family, you are now a part of the Tiger Family. Like family, I am here if and when you need me. Always remember there are no limits when you are on the road to your destiny, because all you need is FAMILY. Again, WELCOME!

Royally yours,
Comelia L. Walker

Mr. Jackson State University

GREETINGS MY FELLOW JACKSONIANS,

It’s a privilege to serve and I am honored to be granted the opportunity to serve this prestigious University with high esteem and dignity, as the first Mister Jackson State University. I thank God and my peers for granting me this opportunity so that I can help guide you into the right direction this upcoming year where we will develop effective leadership opportunities through academics, growth, mentorship, and community involvement while producing a Proud Family so that we may have a prosperous year. If you need a shoulder to lean on, someone to listen, or even guidance then I am here with opened arms. Please do not hesitate to stop by my office located on the second floor of the student center in the Center for Student Engagement and Inclusion because I am here for you and only you. I will do my best to help you. Welcome to Jackson State University! Now let the work begin!

Royally yours,
DeAngelo Riddle
Mr. Jackson State University
GREETINGS JACKSONIANS,

It is my pleasure to welcome you to Thee Jackson State University. On behalf of the Student Government Association, I Alexis Moore, the 72nd Student Government Association President, am excited to engage in yet another successful year with my peers. I am especially looking forward to working with Dr. William Bynum, the new university president, as we embark on this journey to learn and grow together.

I encourage you all to take full advantage of the opportunities that my “dear old college home” has to offer. I know your experiences here will be nothing short of amazing. I caution you to never lose sight of your purpose as you matriculate through Jackson State University. Welcome to the Tiger family! As Student Government Association President, it is my sole duty to see to it that you have the necessary tools to be as successful as I know you can be. Be prepared to get MOORE in Formation as we embark on this journey to revitalize our image, reconstruct student morale, and restore tiger pride.

Best Wishes,

Alexis B. Moore
72nd Student Government Association President

WELCOME TIGERS!

Greetings! I am Brandy Terrell, a senior Mass Communications major, a member of the women’s golf team, and the current Student-Athlete Advisory Committee President at THEE Jackson State University. It is an honor and great pleasure that I welcome you, the class of 2021, to Jackson State University! We are pleased that you chose Jackson State to achieve your higher learning goals. The motto, for which you will become quite familiar, is to challenge minds and change lives. I am confident that you see why it’s our motto, and leave here better than you came! Please remember that the staff is here to assist and provide an abundance of support in all of your endeavors to achieve success. Lean on them when you need assistance. Also, get to know your peers, study hard, and have fun! We hope that you find our campus a home away from home. I’ll leave you with a quote that is near and dear to me. Anthony J. DeAngelo said, “Develop a passion for learning. If you do, you will never cease to grow.” So while you are having fun, remember why you came, and take full advantage of this opportunity. The sky is truly the limit! We sincerely hope that you will actively seek and participate in the many opportunities provided by our culturally and academically diverse campus. I look forward to seeing you on campus!

Description
Jackson State University, a coeducational institution, is supported by the State of Mississippi. It is controlled by the Board of Trustees of Institutions of Higher Learning, appointed by the governor. The University is supported by legislative appropriations supplemented by student fees and federal and private grants. Jackson State University is located in Jackson, Mississippi, the capital and largest city of the state. Jackson is the geographic, political, industrial, and cultural center of the state. The metropolitan area consists of a growing population presently estimated at 568,000. The location of the University in the densely populated section of Central Mississippi is such that nearly one-half of the students come from within a 50-mile radius of the institution; however, the population includes students from every county in the state. A significant number of students also come from outside the state and from foreign countries. The campus is a scenic 245-acre tract situated one mile west of the main business district of the city and is easily accessible from U.S. Highways 80, 49, and 51, and Interstates 20, 220, and 55. A modern airport with direct connections to major cities–north, south, east, and west–is about 15 minutes away.

History
From a private church school in Natchez, Mississippi, with 20 newly freed slaves to a Carnegie-designated high research institution with a student enrollment approaching 10,000, Jackson State University's transformation is a testament to courage, vision, and leadership. Washington Monthly magazine has annually ranked JSU among the nation's top colleges for social mobility, research and service, and it also is considered one of the top "Military Friendly Schools." Accredited by the Commission of the Southern Association of Colleges and Schools, the University offers 43 bachelor's degrees, 36 master's degrees, three specialist-in-education degrees, and 11 doctoral degrees.

JACKSON STATE UNIVERSITY

VISION
Building on its historic mission of empowering diverse students to become leaders, Jackson State University will become recognized as a challenging, yet nurturing, state-of-the-art, technologically infused intellectual community. Students and faculty will engage in creative research, participate in interdisciplinary and multi-instructional/organizational collaborative learning teams and serve the global community.

MISSION
The University produces technologically-advanced, diverse, ethical, global leaders who think critically, address societal problems, and compete effectively.

OPERATIONAL PRINCIPLES
EXCELLENCE – As an academic institution, the University strives to be a center of excellence where teaching, research, and service are of the highest quality informed by the best practices in the academy and civil society.

ACCOUNTABILITY – The University believes in the principled exercise of leadership and the sanctity of the public trust.

PERFORMANCE – Through appropriate policies and opportunities, the University expects that its faculty, staff, administrators, and students adhere to the highest standards of quality in the discharge of their responsibilities.

PROFESSIONALISM – The University believes in high levels of proficiency, superior service, ethical behavior and readiness to effectively serve its constituency and the public.

CORE VALUES
TRADITION – The University believes that its role as a historically black university inspires and exemplifies positive societal change.

LEARNING – The University believes in an experimentally enhanced learning environment where teaching, research, and service are integrated and mutually reinforcing.

NURTURING – The University is committed to creating a community, which affirms and welcomes persons from diverse backgrounds and experiences and supports the realization of their potential.

SERVICE – The University responds to the needs of society to the best of its ability and expects its graduates to do likewise.

RESPONSIBILITY – The University believes in and accepts its duty to enhance each generation’s capacity to improve the human condition.

Overview

- This student advocate unit provides a quality assurance program for first- and second-year students. In collaboration with academic colleges and Student Affairs, it ensures preparation for the rigor of intended majors, and engagement in leadership, service, citizenship and community development activities.

- First-Year Experience creates shared experiences emphasizing challenging curricula, seminars, service and community learning activities and mobile technology. The signature course University Success 100/101 is among its offerings. Students engage in a battery of assessments, complete the general education core and participate in academic and student affairs activities.

- The Du Bois-Harvey Honors College encourages intellectual curiosity and critical and analytical thinking among high-achieving students through research and programs of study commensurate with ability beyond the regular curriculum.

- University College not only offers a Summer Bridge Program for students who need help meeting admission requirements, but it also provides courses in English, mathematics and reading along with year-long academic support.

- CyberLearning at Jackson State University (JSU) provides a democratized platform for equal access to the latest scholarship through the latest technology. Through the incorporation of technology into the curriculum, JSU is transforming its learning environment to empower innovative teaching while fostering student creativity.

Structure

- Four major programs: First-Year Experience, the Du Bois-Harvey Honors College, University College and CyberLearning.

- Six ancillary programs: Freshman/Transfer Orientation and Welcome Week, First-Year Assessment, First-Year Advisement, Student Retention Services, Transfer Services, and Comprehensive Academic Support Services

- The Center for Undergraduate Research, operating under Title III, administers mini-grants to faculty to mentor students and showcase work at the annual spring Undergraduate Research Conference.

- The Summer Bridge Program offers incoming science, technology, math and engineering (STEM) students an opportunity to earn six to nine hours of college credit with the assistance of tutoring, mentoring and technology-assisted teaching; free room, board, tuition and books.

Advisement and Retention Services (Lower Division)

**First-Year Advisement**

The Academic Advisement Center serves freshmen, sophomores, and transfer students with fewer than 60 earned hours. A dual Professional and Faculty Advisors program helps students develop academic plans compatible with educational and life goals. Appreciative Advising model is utilized by the center to meet the needs of students via face to face, e-mail and virtual advising sessions. The center also provides information related to university regulations, policies, and procedures as they apply to graduation requirements and makes referrals for needed resources and academic support services.

**First-Year Assessment (FYA)**

Data are used to continuously improve the teaching and learning experience and enhance the effectiveness of academic programs, processes and services. Assessments include standardized exams, student academic performance analysis, and program and service evaluations. Freshmen take a battery of tests, complete portfolios and participate in survey research, personal development and self-assessment activities. FYA offers workshops on study and test-taking skills, note-taking strategies, time management and critical thinking.
**Student Retention Services (SRS)**
SRS coordinates institutional efforts and implements programs to increase the retention rate of at-risk students, especially fall-to-second-semester freshmen. It monitors the academic progress of at-risk students by developing a plan of action to support the Satisfactory Academic Appeals process, academic probation and suspension criteria, and the Academic New Start and Second Chance programs. SRS also assists with the formal withdrawal process.

**Transition/Transfer Services**
To ease the transition to college life, this program provides information on academic degree programs, the articulation agreement, academic support, student services, campus life, financial aid, and university policies and programs. It administers The Noel-Levitz College Student Inventory survey and schedules activities to help transfer students connect with other students, faculty, staff, and administrators. Advisors are available to further discuss major requirements and course selections.

Mission
The College of Business provided an outstanding management education to a diverse student body which includes those from historically disadvantage backgrounds. The College produces ethical, technologically advanced, diverse global leaders who provide creative business-centered solutions that promote economic and social advancement.

Overview
An enriched learning environment, with a focus on management education, intellectual and professional development, applied research and service activities are emphasized. Coursework in business and related disciplines provides skills and competencies necessary to pursue careers or advanced study. Professional development activities are designed to enhance communication, critical thinking, and problem-solving skills and to acquaint students with social and behavioral attitudes and norms required for success in business. The College of Business works diligently to help students secure internships and career opportunities in business, industry, and/or graduate school.

Structure
- Four academic departments: Accounting; Economics, Finance and General Business; Entrepreneurship and Small Business Management; and Management and Marketing
- Center for Academic and Professional Success (CAPS), including Student Professional Development, Student Advising and Retention Services, and Student Career Management and Placement
- Business Graduate Programs Offices - Master of Business Administration and Master of Professional Accountancy; Doctor of Philosophy, with three concentrations: Accounting, Economics, and Management
- Office of Research and Faculty Development
- Center for Executive Education, Sponsored Research, and Community Relations

Degree programs
- Bachelor of Business Administration (B.B.A.) in Accounting, Business Administration, Economics, Entrepreneurship, Finance, Management, and Marketing
- Master of Business Administration (M.B.A.)
- Master of Professional Accountancy (M.P.A.)
- Doctor of Philosophy (Ph.D.)

Accreditation
- Association to Advance Collegiate Schools of Business (AACSB International)

Advisement and Retention
The College of Business, through its academic departments and CAPS, collaborates with Undergraduate Studies and Community College Relations to ensure freshman, sophomore and transfer business students receive ongoing academic advisement and support. Juniors, seniors and transfer students with 60 or more credit hours receive primary advisement in their respective academic departments. Faculty advisors maintain a regular academic advisement schedule. They track academic progress and issue early warning interventions as necessary. Students are encouraged to consistently meet with their advisors regarding the selection and sequencing of courses, course registration, program requirement, graduation application and clearance matters, and other issues that relate to matriculation.
Academic Support Services

- **Accounting Tutorial Laboratory:** Tutors provide sessions for a minimum of 15 hours per week each semester in Principles of Financial Accounting (ACC 211) and Principles of Managerial Accounting (ACC 212).
- **Economics and Statistics Tutorial Laboratory:** Principles of Macroeconomics (ECO 211); Principles of Microeconomics (ECO 212); and Business Statistics I (ECO 256); Business Statistics II (ECO 356); staffed with economics Ph.D. students
- **State-of-the-art Trading Room Laboratory** that offers up-to-the-minute movement of publicly traded stocks, student work stations, and some of the most sophisticated financial software on the market.

Overview

The Council of Accreditation of Educator Preparation (CAEP) nationally recognizes the College of Education and Human Development (COEHD) educator preparation unit for its programs, faculty, and candidates. Its Teacher Education program was the first at an HBCU in Mississippi to be accredited by CAEP. The program places more African-American teachers and administrators in the public school system than any other institution in the state and ranks second in that category in the nation. Degree programs at the bachelor, master, specialist and doctoral levels are offered, and graduates are certified in all major teaching fields at the elementary, middle and secondary levels.

Structure

- Seven academic departments are organized within the School of Administrative Leadership, School of Instructional Leadership and the School of Lifelong Learning.

Accreditation

- The Council of Accreditation of Educator Preparation (CAEP); all departments
- Credentialed faculty, including K-12 teacher licensure, athletic training certification and licensure, P-16 coaching, certified recreation specialist (CTRS), strength and conditioning specialist (CSCS)

Overview

The College of Liberal Arts (CLA) is the oldest, most diverse interdisciplinary unit of JSU’s five academic colleges. It promotes research, scholarship, and creative expression in the arts, humanities, social and behavioral sciences. Academic disciplines, programs, interdisciplinary centers, and institutes are designed to cultivate skills in research and analysis, written and oral communications, critical thinking, and visual literacy while encouraging a commitment to service.

Structure

- Eight academic departments organized within the schools of Communications, Fine and Performing Arts, and Social and Behavioral Sciences
- Four department-based research and community outreach units — the Applied Psychological Services Clinic, Community Health Program the Council of Federated Organizations (COFO) and the Interdisciplinary Alcohol/Drug Studies Center
- Margaret Walker Alexander National Research Center, housing the second largest collection of a modern black female writer in the world (next to Maya Angelou’s collection at the historic Schomburg Center for Research in Black Culture)
- Department of Military Science (Army ROTC)

Accreditation

- Department of Art — National Association of Schools of Art and Design (NASAD)
- Department of English and Modern Foreign Languages— National Council of Teachers of English (NCTE) and Council of Accreditation of Educator Preparation (CAEP)
- Department of Music — National Association of Schools of Music (NASM)
- Department of Psychology — American Psychological Association (APA) Committee on Accreditation; doctoral program in clinical psychology, one of only two HCBUs (Howard University) to hold this distinction

Major/Degree

- Art and Theatre — B.A.
- Criminal Justice and Sociology — B.A., B.S., M.A.
- History and Philosophy — B.A., B.S., M.A.
- Journalism and Media Studies — B.S., M.S.
- Music — B.M., B.M.E., M.M.E.
- Political Science — B.A., M.A.
- Psychology — B.S., Ph.D.

Career Opportunities

Recent graduates are foreign correspondents, parole officers, attorneys, actors, newscasters, public relations professionals, researchers, pollsters, translators, musicians, graphic designers, teachers, administrators, drug counselors, civil servants, authors, reporters, theater directors, therapists, military, psychologists, designers, publishers, and filmmakers.

Advisement Notice

All CLA majors are expected to meet with academic advisors in their respective departments. Students who have junior and senior standing (by credit hour) who fail to do so risk inaccurate information regarding required courses, course sequencing and prerequisites, academic standards, departmental examinations, and College and University graduation requirements (UEPE, community service hours).

Overview
The College of Public Service (CPS) educates students from diverse backgrounds in academic disciplines within the School of Social Work and Departments of Public Policy and Administration and Urban and Regional Planning. Preparation for leadership roles, from the local to international level, is stressed. The School of Social Work is the only one of its kind in Mississippi that offers bachelor, master, and doctoral degrees.

Structure
- Eight academic departments within the School of Social Work and Departments of Public Policy and Administration and Urban and Regional Planning
- One Social Work institute: the Mississippi Child Welfare Institute

Accreditation
- Bachelor of Social Work Program — Council on Social Work Education (CSWE); since 1975

CPS Majors/Degrees Offered
- Social Work—B.S.W., M.S.W., Ph.D.
- Urban and Regional Planning—M.S., Ph.D.
- Public Policy and Administration—M.P.P.A. (Master of Public Policy and Administration), Ph.D.

Career Opportunities
The graduates in the College are employed in aging, child welfare, community agencies, corrections, health care, mental health, schools, graduate school, entry-level supervisors, administrative assistants to middle and upper management, health care analysts and advocates, health care quality assurance coordinators, entry-level planners (environmental, urban design, city, transportation, zoning and land use, international development), community development and housing and research and consulting.

Overview
The College of Science, Engineering and Technology (CSET), known for its exceptional science, technology, engineering and mathematics (STEM) path, advocates scholarly research and provides technical and educational STEM expertise from local to international levels. Graduates are well prepared to enter a competitive market as effective problem-solvers, either as entrepreneurs or as innovative employees in industry, government and academia. CSET’s academic disciplines, programs, interdisciplinary centers and institutes provide outstanding platforms to train the new generation of STEM leaders.

Structure
- Six academic departments: Aerospace Studies; Biology; Chemistry, Physics and Atmospheric Sciences; Civil & Environmental Engineering and Industrial Systems & Technology; Electrical & Computer Engineering and Computer Sciences; and Mathematics and Statistical Sciences.
- CSET conducts rigorous research and provides research training through its many Centers of Excellence, including the Department of Defense Center of Excellence in STEM Education and the National Science Foundation Center of Research Excellence in Science and Technology.

Accreditation
- Civil and Environmental Engineering — Accreditation Board for Engineering and Technology (ABET); Engineering Accreditation Commission (EAC)
- Computer Engineering — Accreditation Board for Engineering and Technology (ABET); Engineering Accreditation Commission (EAC)
- Computer Science — Board for Engineering and Technology (ABET)
- Chemistry — American Chemistry Society (ACS)
- Technology, Management, and Applied Engineering (ATMAE)
- Mathematics Education — National Council for Accreditation of Teacher Education (NCATE)

Undergraduate Programs, Recruitment and Retention

Open to all students, Undergraduate Programs in CSET collaborate with Undergraduate Studies and Community College Relations to provide support for undergraduate and transfer students. This comprehensive program is designed to increase student retention rates with a focus on academic success and achievement through systematic tracking and early intervention.
Advisement Note
All CSET majors are expected to meet with academic advisors in their respective departments. Students who have junior and senior standing (by credit hour) who fail to do so risk receiving inaccurate information regarding required courses, course sequencing and prerequisites, academic standards, departmental examinations, and College and University graduation requirements (UEPE, community service hours).

Students must answer all questions to complete this process.
- Upon completion, the student should Print your confirmation for your records. Jackson State University receives results electronically.

**How do I complete my Exit Interview?**

Student loan borrowers must complete an Exit Counseling when leaving school for any reason (graduation, withdrawal suspension, termination or enrolling less than half time (fewer than 6 credit hours)).

Complete the Exit Counseling online at [www.nslds.ed.gov](http://www.nslds.ed.gov), Students should Print your confirmation for your records. Jackson State University will receive the confirmation electronically. Students must answer all questions to complete this process.
Direct Parent PLUS Loan (Undergraduate Dependent Students Only)

- Direct Parent PLUS Loans are low-interest credit-based loans for the parent of dependent student. The lender is the U.S. Department of Education (the Department) rather than a bank or other financial institution. Interest is charged during all periods.
- All PLUS Loan applicants must meet all general eligibility requirements for the Federal Student Aid programs. For requirement details, see the Direct Loan Website at www.direct.ed.gov or Funding Education Beyond High School: The Guide to Federal Student Aid.
- The PLUS Application and Master Promissory Note (MPN), may be made at www.studentloans.gov. The student’s FAFSA must be on file with the Financial Aid Office before a parent may apply.
- A parent may borrow up to an amount equal to the cost of attendance less any other financial aid awarded to the student.
- Once pre-approved by the Department of Education, the parent borrower must submit a Direct PLUS Loan Status Retrieval Form (print from http://www.jsums.edu/financialaid/financial-aid-forms/) and a copy of their driver's license or state identification card to the Financial Aid Office at Jackson State University.
- Approved parent PLUS loan funds will be credited to the student's account by the last official date to add and drop classes.
- When the parent PLUS loan is Denied, the parent may resolve any incorrect information with the credit bureau and have Direct Loan reconsider. Also, the applicant may have the loan resubmitted along with the endorsement of a co-signer.
- When the direct PLUS loan is Denied, and the parent decides not to resubmit for pre-approval, the student may be considered for an additional unsubsidized loan:
  - Freshmen and sophomores may qualify for up to $4,000 yearly.
  - Juniors and seniors may qualify for up to $5,000 yearly.

Standards for Satisfactory Academic Progress

- Section 484 of the Higher Education Act (HEA), as amended, requires a student to maintain satisfactory academic progress (qualitative & quantitative) in the course of study he or she is pursuing in order to receive aid under the student financial assistance programs authorized by Title IV. These programs include the Federal Pell Grant (PELL), Federal Supplemental Education Opportunity Grant (SEOG), Teacher Education Assistance for College and Higher Education Grant Program (TEACH), Federal Work-Study, Federal Perkins Loan, and Federal Family Educational Loan Program – William D. Ford Federal Direct Loan Program (Subsidized, Unsubsidized and PLUS).
- Jackson State University students must show measurable academic progress towards a degree. Undergraduate students are required to earn a 2.00 Cumulative Grade Point Average in major courses of study in order to graduate.
- The University use the graduated scale below (Qualitative Standards) that culminates in the graduation requirement in order to measure satisfactory academic progress and PACE guidelines (Quantitative Standards) for the Title IV programs.

Qualitative Standards

A scale is used to determine whether qualitative satisfactory academic progress is being maintained:

Undergraduate Satisfactory Academic Progress Table

<table>
<thead>
<tr>
<th>Total JSU Hours Attempted</th>
<th>0-29</th>
<th>30-59</th>
<th>60-89</th>
<th>90-107</th>
<th>108-128</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate Minimum</td>
<td>1.50</td>
<td>1.75</td>
<td>1.80</td>
<td>1.90</td>
<td>2.00</td>
</tr>
<tr>
<td>Cumulative GPA Required</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Quantitative Standards

- Students are expected to complete the requirements for a degree within a reasonable time frame. Undergraduates pursuing a degree are allowed to attempt up to 150% of the published length of their academic program. For example, length of program = 124 x 150% = 186 hours. This includes both Jackson State University attempted hours and hours transferred from other institutions.
- Undergraduate students must make incremental progress (PACE) toward their degree; therefore, a minimum percentage of hours attempted must be completed. To meet this standard, students must complete 67% of hours attempted.
- Transfer credit hours accepted count as hours attempted and completed and are used in the formula to calculate the PACE rate for transfer students.
To calculate PACE, the following formula is used:

\[
PACE = \frac{\text{Cumulative number of hours successfully completed}}{\text{Cumulative number of hours attempted}}
\]

Financial Aid Warning

- Students who failed to meet the Standards for Satisfactory Academic Progress at the end of the evaluation period (semester) are placed on Financial Aid Warning and are eligible for Title IV assistance for the subsequent payment period (semester).

Financial Aid Suspension

- Students who fail to complete the required hours and earn the required cumulative GPA for two consecutive semesters will be placed on Financial Aid Suspension.
- Students who fail to bring the cumulative GPA into compliance and complete the required hours at this point, will be considered as not maintaining Satisfactory Academic Progress and will be ineligible for Title IV assistance.
- Students placed on financial aid suspension may submit an appeal and documentation for reinstatement of aid due to mitigating circumstances that prevented them from maintaining Satisfactory Academic Progress (SAP).

Reinstatement of an Academic Suspension to attend the university does not restate financial aid.

Understanding Your Student Loans

Annual and Aggregate Loan Limits
The following chart provides maximum annual and aggregate (total) loan limits for subsidized and unsubsidized Direct Stafford Loans.

<table>
<thead>
<tr>
<th>Year</th>
<th>Dependent undergraduate student except whose parents are unable to obtain plus loans</th>
<th>Independent undergraduate student whose parents are unable to obtain plus loans</th>
<th>Graduate and professional degree student</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Year</td>
<td>$5,500 - No more than $3,500 of this amount may be in subsidized loans.</td>
<td>$9,500 - No more than $3,500 of this amount may be in subsidized loans.</td>
<td>$20,500 - This amount is unsubsidized only.</td>
</tr>
<tr>
<td>Second Year</td>
<td>$6,500 - No more than $4,500 of this amount may be in subsidized loans.</td>
<td>$10,500 - No more than $4,500 of this amount may be in subsidized loans.</td>
<td></td>
</tr>
<tr>
<td>Third Year and Beyond (each year)</td>
<td>$7,500 - No more than $5,500 of this amount may be in subsidized loans.</td>
<td>$12,500 - No more than $5,500 of this amount may be in subsidized loans.</td>
<td></td>
</tr>
<tr>
<td>Maximum Total Debt from Stafford Loans When You Graduate (aggregate loan limits)</td>
<td>$31,000 - No more than $23,000 of this amount may be in subsidized loans.</td>
<td>$57,500 - No more than $23,000 of this amount may be in subsidized loans.</td>
<td>$138,500 - The Graduate debt limit includes Stafford Loans received for Undergraduate study</td>
</tr>
</tbody>
</table>

Note: These annual loan limit amounts are the maximum yearly amounts you can borrow in both subsidized and unsubsidized loans. You can have one type of loan or a combination of both. Because you can’t borrow more than your cost of attendance minus any other financial aid you’ll get, you may receive less than the annual maximum amounts. Also, the annual loan limits assume that your program of study is at least a full academic year.

Borrowers can access their loans limits by logging into the National Student Loan Data System (NSLDS) at http://www.nslds.ed.gov/nslds_SA/. NSLDS is the U.S. Department of Education’s central database for student aid.

*Fees are subject to change upon approval of the Board of Trustees of State Institutions of Higher Learning without prior notice.

All fees are payable in advance by cash, credit card, certified check, money order or personalized checks. Non-personalized checks will not be accepted for payment of fees. Fees are due and payable at the time of registration. Financial assistance awarded to a student is applicable to the total fees at the time of registration. Variation from this policy will require prior approval from the Financial Services Office. Bank checks returned due to insufficient funds must be redeemed immediately along with the payment of a forty dollar ($40.00) insufficient funds fee to avoid termination of registration.

Each student will be billed for 100% of the tuition and fees due. Accounts referred to a collection agency will be assessed a reasonable collection fee. JSU STUDENT IDENTIFICATION CARD IS REQUIRED FOR ALL TRANSACTIONS.
IMPORTANT FACTS AND REMINDERS

• It is the students’ responsibility to “Complete Registration.”

• What is “Completing Registration?” Completing Registration means that the student has communicated with the Business Office how he or she is going to pay their account balance in full. It can be paid with financial aid, payment plan, or a combination of the two.

• Students who have enough financial aid to pay their total balance for the current semester and do not have a previous balance will have their registration automatically completed beginning Saturday, August 12, 2017. An email will be sent to your JSU email address confirming your status. Students who have a previous balance over $200 will need to come to the Business Office or email a counselor to request assistance in completing registration.

• Registration should be completed during the registration period from Monday, August 13, 2017 thru Friday, August 19, 2017. Office hours during this time are as follows:
  ☐ Monday, August 14th: 8:30 a.m. until 4:30 p.m.
  ☐ Tuesday, August 15th: 8:30 a.m. until 4:30 p.m.
  ☐ Wednesday, August 16th: 8:30 a.m. until 4:00 p.m. Re-open 6:00 p.m. until 8:00 p.m.
  ☐ Thursday, August 17th: 8:30 a.m. until 4:30 p.m.
  ☐ Friday, August 18th: 8:30 a.m. until 4:30 p.m.

• Classes begin Monday, August 21st. Late Registration Fee of $70 will be assessed.

• Tuesday, August 29th Late Registration Fee increases to $105.

• Friday, September 1st Late Registration Fee increases to $145.

• Supercard funds will be available on Saturday, August 12, 2017. Supercard funds are intended for books and school supplies ONLY.

• Bills are sent to the students’ JSU email address by the 10th of the month. Please contact the Business Office if you have not received your bill. Check your JSU email regularly because that is where all financial information will be sent.

• Students receiving Academic Scholarships are usually required to enroll in and maintain 15.0 credit hours. Failure to do so may result in the scholarship not being activated.

• Please review the Course Booklet for the current term before dropping a class to ensure that you are within the specified date range to not be liable for the class.

• Once your registration has been completed, log in to P.A.W.S. and under “Student Account” select “Account Summary By Term” to review your actual account activity in real time.
Overview
The Department of Public Safety is a full-service police department staffed with police/security officers, criminal investigators, certified dispatchers, and other support staff. Both enforcement (campus policing) and crime prevention are emphasized. Jackson State University's closed campus policy requires officers to check for identification when entry is made onto campus property. A check is made for identification, parking permits, and the nature of business if a non-student or non-faculty member is involved.

Services
- Patrol the campus 24 hours a day, 7 days a week
- Response to calls for service from the campus community
- Staffing events on/off campus

Campus alerts
The Everbridge Aware for Campus system enables emergency response team members to:
- Communicate with students, faculty, and staff within minutes
- Email, text messages, cell phones
(Standard rates apply for cell phone and SMS messages)

What type of emergencies?
- Severe safety matters
- Severe weather
- Extended power outages
- Select water situations
- Life-threatening situations

How does it work?
- University officials create voice and/or text messages via phone or computer.
- The mass notification system contacts everyone simultaneously with voice and text messages via their preferred devices.
- Text/voice messages received within minutes, regardless of individual’s location

How do I sign up?
- Complete the form at www.jsums.edu/campus police, click Emergency Management, scroll to the bottom and click to sign up, click on your paws account, click personal information, finally, click, JSU Emergency System Information Update. Fill out the information.
- Contact information must be entered into the system to ensure quick notification.
- Call 601.979.2580 with questions.

Parking
- Parking decal: $40; pay online through P.A.W.S. or at the Financial Services Office. Pick up your decal from the ID Center / Department of Public Safety.
- Best places to find a parking spot: Lee E. Williams Athletics and Assembly center parking lot; T.B. Ellis Building parking lot; Walter Payton Building parking lot.
GETTING CONNECTED

**myJSU Mobile App**
Jackson State students need not miss anything that’s happening with the university’s mobile app myJSU. myJSU mobile app has been installed on more than 19,000 mobile devices. With myJSU, you can:

- Receive discounts at dining locations across campus and the JSU bookstore
- Schedule classes and check grades
- View the latest campus news and events
- Take a virtual tour of the campus
- Check your university email account
- Listen to WJSU radio

**Jackson State University Website**
Comprehensive website [www.jsums.edu](http://www.jsums.edu) provides detailed information about colleges, institutes, financial aid, activities, events, athletic schedules, faculty/student accomplishments, and an up-to-date news feed.

**iPad Initiative**
All full-time, incoming freshmen at Jackson State University receive an iPad to assist in their learning. The program, called the iPad Technology Advantage Scholarship Initiative, integrates the device into the curriculum and tracks students’ learning. The iPad Initiative is made possible through a partnership with the Mississippi e-Center Foundation. The program, among the largest iPad scholarship program in the country, coincided with the launch of the campus-wide Wi-Fi service. Students needing help with their iPads can find it at the iPad Help Center, located in the JSU Student Center.

**ACCESS YOUR E-MAIL ACCOUNT**

**Using the Gmail page**
Jackson State University's e-mail system is hosted at the state-of-the-art Google data centers.

For this reason, JSU e-mail users can access their accounts directly via the Google/Gmail login page.

Click Sign in.

NOTE: You DO NOT need to “Create an account” as you already have one; jnum@jsums.edu or (jnum@students.jsums.edu or jnum@alumni.jsums.edu).

Email: type your full jnum@students.jsums.edu
Password: Your usual e-mail password.

NOTE: If this is the first time you login, or if you reset your password via JSU P. A.W.S., your password is your full date of birth with an 8-digit format (mmdyyyy), e.g., 05251985.

If you need assistance, call 601.979.0898 or email the email administrator at email.admin@jsums.edu
**NetID**

NetID is required to access Canvas, JSU Library and other university resources including logging into the computer labs. To activate, reset or change your NetID log into PAWS. NetID username is your J number. Please choose a strong NetID password. See below for the NetID password policy and instructions.

**Note: Your password must include a combination of letters and numbers. It must include at least one capital letter or symbol (for example, &,* @, #).

Step 1: From the JSU Home Page login to JSU P.A.W.S.
Step 2: Login to PAWS.
Step 3: Fill in required credentials
Step 4: Click on Activate NetID, Change NetID Password
Step 5: Click the Activate/Reset NetID
Step 6: Create and confirm a new password that is at least seven (7) characters long and similar to the following examples:
   Tiger09
   tiger@09
   t1ger09
   tiger09!
Step 7: Close the window your NetID has been activated or changed

If you need assistance, call 601.979.0245
Jackson State University faculty, staff and students can now use GET to manage their JSU Supercard accounts.

Should you have any difficulties logging into GET, please contact the Department of Contractual Services at (601)979-1065 or contractual.services@jsums.edu for assistance.
Upload ID Photo Requirements:

The photo must meet the following requirements:

- Your photo must be a clear image of ONLY you (not blurry, grainy or fuzzy) against a plain, background.
- The photo must be a full face-and-shoulders shot, squarely facing the camera.
- You must use a portrait, not landscape, photo that is correctly oriented.
- You must be facing the camera.
- You cannot wear dark glasses.
- If you wear a head covering daily for religious reasons, adjust it to provide a full-face view.

Examples of Acceptable Photos

Additional Tips:

- Do not scan your driver's license or school ID to use that photo. The scanned image will not be of high enough quality to meet the system’s requirements for an acceptable photo.
- Do not submit a photo of a photo; just take a photo of yourself.

If you take a photo:

- Be sure to hold the camera or mobile device very still.
- Try turning on a soft overhead light or taking your photo outside in bright light, but avoid having the sun at your back.
- Make sure there are no shadows over your face.
- Try standing a few feet in front of a plain wall or other solid color that contrasts with your hair and clothing.
- Try not to use the camera flash. If you must use flash, take the photo from at least 3 feet away, and use the camera zoom as needed to center only your face and shoulders within the photo frame.

APPRECIATIVE ADVISING

Undergraduate Studies in cooperation with the Academic Colleges and Schools is responsible for advising all first-time freshman, sophomores, and transfer students with less than sixty (60) hours. Juniors, seniors and transfer students with 60 or more hours are advised in their academic colleges and departments. The First Year Professional and Faculty Advisors deliver advisement services in an effective and efficient manner to all students. Specifically, the faculty advisors provide advising related to the students’ program of study. The professional advisors provide advisement regarding general education requirements, registration procedures and academic policy. This advisement model ensures that new students have access to a specialist in the advising needs and issues of first-year students and connects student to faculty in their academic departments. The strength of the model is that it provides more than one delivery system for first year students with the strengths of each collaborating together. This dual process allows faculty and professional advisors to ensure that all academic advisement needs are met while utilizing the six components of the Appreciative Advisement Model.

Appreciative Advising is the intentional collaborative practice of asking positive, open-ended questions that help students optimize their educational experiences and achieve their dreams, goals, and potentials. It is perhaps the best example of a fully student-centered approach to student development. The centerpiece of Appreciative Advising are the 6 Phases below:

Welcome to Mobile Student Registration

Download the latest version of the JSU Mobile app. Open the app on your phone or tablet and select Mobile Registration from the menu.

Log-in as you would to PAWS.

Select your courses from the list. To the right of each course code, notice the numbers. These represent the number of seats available in the course section and the number of seats remaining. This will tell you how quickly the course is filling up.

Add the courses you've chosen to the shopping cart.

By clicking on the course code, you can also bring up an expanded view of the course information.

Once you've added all the courses you want to register for, click on the shopping cart on the bottom left of the screen.

You will be prompted for the registration PIN you received from your advisor. Enter the PIN and click OK.

To register, click on the Register [2] button.

Once you've successfully registered, you'll receive a green confirmation notice on the screen! It's as easy as that.

Note: You may receive registration 'Errors' if the course is full (all seats taken), you do not meet pre-requisites for the course, or you have a registration hold on your account. See your Advisor if any of these situations apply.
At JSU, We All Write!
And All Writers Need Feedback to Be Effective

To become an effective writer and speaker, seek feedback – like a professional. In the Richard Wright Center (RWC), trained peer tutors provide feedback and answer your questions.

Seek feedback on and talk through
- Your ideas or argument
- Your presentation or visual aids
- Your research
And more!

Ask questions about
- Assignments
- Strategies for overcoming “writer’s block”
- Organization and supporting evidence
- Resources and reference materials
- Documentation styles, e.g., MLA, APA
- Strategies for revising and editing
And more!

To work with a tutor:
1. Make an appointment on our webpage or stop by. Try to come in at least 2 days before the paper is due, so you have time to make changes.
2. Bring your assignment sheet with you, if you have one.
3. Come in with a draft and a question. If you don’t have one, that is okay. Note: if you have a 15-page paper, knowing what you want to work on will help you make the most of your 45-minute session.
4. Be present, physically and mentally. A tutorial session is a conversation about your writing; tutors will need your input as much as you need theirs.

Still reading? You may be a peer tutor! If interested, please come talk to us.

We look forward to seeing you in the RWC!
