** If you are a Medicaid recipient who has evacuated to another state, your Medicaid benefits will still apply as long as you are treated by an out-of-state provider who is willing to accept your state's Medicaid as payment. For information on securing a transfer of this benefit, call 1-888-342-6207.

** If you routinely had your prescriptions filled by a national pharmacy chain (Walgreens, CVS, etc.) your information is in their system. You can go to any store and they will have your history and be able to assist with refills. Take your former prescription bottle to the pharmacy with you for assistance with a refill.

** For medical pharmacy program benefits, please go to a pharmacy that accepts Medicaid benefits with your Medicaid card and/or call Medicaid at 1-888-342-6207 for temporary enrollment.

** In the likely event that you do not have access to your regular doctor or clinic and you do not have any refills available, or you do not have access at all to your former medication, find a provider in your relocated area and schedule an appointment. If you have them, take your former prescription(s) with you to a new provider so he/she can have access to at least some of your treatment information. Having a family member or friend present, if possible, will also help to relay previous history to ensure best results.

** If your medical provider is unsure of how to get your prescriptions filled in other areas, ask them to call 1-800-437-9101 (in Louisiana) or out of state at 1-225-342-1590.

** If your medical provider has questions relating to your benefits or other issues relating to your Medicaid benefits, they can call 1-800-473-2783 (in or out of state).

** As soon as it is available, look for Mississippi and Alabama information, which is forthcoming **

** People specifically looking for help with patients in nursing homes, hospitals who need to evacuate, or other care units, call 1-225-763-5749.
