Strengthening Historically Black Colleges and Universities (HBCU) Programs				
Account Number	Activity Number, Component, and Title		Division and Responsible Person(s)	Activity Descriptions
631526	1-C1	Strengthening the Undergraduate Experience	Academic Affairs Dr. James C. Renick Dr. Robert Blaine	This activity provides student-centered teaching and learning with a high concentration in technology. It includes a second-year experience of course offerings, academic, and support services. The W. E. B. DuBois Honors College is restructured to improve scholarship with extended academic and support programs, an honor's presence in the academic colleges, and library.
631527	1-C2	JSU Online	Academic Affairs Dr. James C. Renick Dr. Andrea E. Jones	This activity is designed to ensure a quality education while increasing the presence of online courses and degree programs through a sound infrastructure of academic integrity that complies with accrediting and other regulatory bodies.
631528	1-C3	Strengthening Fine Arts (Gallery 1)	Academic Affairs Dr. James C. Renick Ms. Kimberly Jacobs	This activity introduces students to African-American culture by creating a dialogue between people of various cultures and socioeconomic backgrounds. The exhibits and public art seminars interconnect and impact student learning, faculty intellectual capital, and community-university renewal.
631529	1-C4	Institute for Social Justice and Race Relations	Academic Affairs Dr. James C. Renick Mr. Keith McMillian	This Activity creates an intellectual, cultural, and personal development for students by promoting an understanding of local history, community building, cultural differences and barriers, and the central role of humanities on culture and peaceful coexistence.

631530	1-C5 Center for University Scholars	Research and Federal Relations Dr. Loretta A. Moore Dr. Safiya Omari	This activity assists Jackson State University in the development of existing faculty members as they maintain academic rigor, retention, and student mastery of skills. The Junior Scholar Program allows for competitive summer research opportunities for faculty members. Graduate students assist faculty members in research projects and teaching.
631531	1-C6 Strengthening the Staff Development Center	Business and Finance Mr. Michael Thomas Mrs. Robin Pack	This activity is designed to strengthen employees through a series of activities that facilitate professional development aimed at enabling them to make productive contributions to the provision of University services.
631532	1-C7 Establishing the Trading Room: An Interdisciplinary Learning Laboratory	Academic Affairs Dr. James C. Renick Dr. Ramin Maysami Dr. Dal O. Didia	This activity is provided for students in the College of Business. It aids in producing graduates who are uniquely qualified to engage in economic and financial enterprises with the highest quality of decision making as analysts and planners.
631533	1-C8 Assessment and Acquisition of Equipment for Administrative Management	Office of the President Assessment Dr. Carolyn W. Meyers Information Management Acquisition of Equipment Dr. Deborah Dent	This activity provides the University with experts who work with a University-appointed Task Force to assess, train, or recommend training for University users; to support system modifications or upgrades; and to purchase hardware and software needed to promote maximum effectiveness and efficiencies for end users.
631534	1-C9 Establishing the Seniors Kollege	Academic Affairs Dr. James C. Renick Dr. Lucille Green	This activity provides programming for traditional degrees or degree completion, singular courses through the School of Lifelong Learning, a Learning Annex for specialized classes, online course catalogs, and educational travel programs.
631541	1-C10 Project CREATE (Center for Readiness in an Emerging Academic Technology Environment)	Academic Affairs Dr. James C. Renick Dr. Robert Blaine	This activity is designed to build on existing technology strategies to further its institution-wide research and development agenda. Enhancing the communication, critical thinking, and analytical reasoning skills of students is critical. With the widespread use of mobile technologies by traditional students, it is natural for academic institutions to seek ways to leverage their ease of access and use to enhance teaching and learning.
