Personal protective equipment		
Health program		

Infrastructure/Construction	Status	Comments:
Walls, floors, ceiling, doors		
HVAC		
Power & lighting		
Drainage		

Previous Inspections	Status	Comments:
Follow up on last inspection		

Comment(s)

Deficiencies

The deficiencies must be addressed in the timeframe indicated. For each deficiency, specify the plan and schedule for correction. Deficiencies must be corrected promptly but within a reasonable time-frame that assures full compliance by the deadline specified. These deficiencies will be reported to the institutional official

Significant deficiencies:

Minor deficiencies:
