

# ACTIVE LEARNING STRATEGY: POLLING

Using single choice or multiple choice polling questions periodically during class sessions

## GOAL: ENGAGE AND CHECK UNDERSTANDING

### 1 TRADITIONAL F2F APPROACH

1) Present a question in class.

2) Students can respond by raising their hands, indicating their responses on paper, or writing their responses on small personal white boards.

### 2 MODIFICATIONS FOR ONLINE SYNCHRONOUS

Use the **polling** feature in Canvas or Zoom to ask questions and show responses in **real-time**.

### 3 MODIFICATIONS FOR ONLINE ASYNCHRONOUS

3

Use the polling feature in Canvas and share the results in a **class announcement, email, or within a Canvas module.**

### 4 MODIFICATIONS FOR PHYSICALLY-DISTANCED CLASSROOM

Use an online polling feature and share results with the class. Students without a device can use **colored cards, hands, or a personal white board** to indicate their choice.
