

Jackson State University
Content Validity Evaluation Form

Instrument Name: _____

Rate each assessment item on the key assessment as +1 (Essential to evaluation of dispositions), 0 (Useful in evaluation of dispositions), -1 (Not necessary or not useful in evaluation of dispositions). Calculate CVR for each item assessed/rubric indicator. Average CVR for each indicator to get the total CVR for the instrument.

- Calculation of Content Validity Ratio Per Item: $CVR = (N_e - N/2) / (N/2)$
- Calculation of Content Validity Ratio of Instrument/Assessment: Average the CVR of each item.

JSU Key Assessment Items	ESSENTIAL	USEFUL	NOT NECESSARY	CONTENT VALIDITY RATIO
