4.2. CAEP Accountability Measures [2024-2025 Academic Year]

collected or reported for the 2024-2025 Academic Year (September 1, 2024 – August 31, 2025) and be relevant to the requirements outlined below. Data should be clearly labeled to each of the four CAEP Accountability Measures and made publicly available with explanations that are easily understood by a general audience.

- **Measure 1 (Initial): Completer effectiveness. (R4.1)**
 - Data must address: (a) completer impact in contributing to P-12 student-learning growth AND (b) completer effectiveness in applying professional knowledge, skills, and dispositions.
- **Measure 2 (Initial and Advanced): Satisfaction of employers and stakeholder involvement. (R4.2, R5.3, RA4.1)**
 - Data provided should be collected on employers' satisfaction with program completers.
- **Measure 3 (Initial and Advanced): Candidate competency at completion. (R3.3)**
 - Data provided should relate to measures the EPP is using to determine if candidates are meeting program expectations and ready to be recommended for licensure. (E.g.: EPP's Title II report, data that reflect the ability of EPP candidates to meet licensing and state requirements or other measures the EPP uses to determine candidate competency at completion.)
- **Measure 4 (Initial and Advanced): Ability of completers to be hired (in positions for which they have prepared).**
 - Data provided may come from various sources, including state or EPP collected data related to completers' employment in teaching positions for which they were prepared.

Section 5: Areas for Improvement and/or Stipulations

Summarize EPP activities and the outcomes of those activities as they relate to correcting the areas cited in the last Accreditation Action/Decision Report. The EPP will continue to report its action and progress on addressing its AFI(s) and/or stipulations until the EPP s next CAEP Accreditation Site Review.

To write your summary, please click the edit button next to each AFI/stipulation to edit the AFI/stipulation. Once there, please provide narrative in the "2025 Annual Accreditation Report Summary/Narrative and Supporting Documents" box at the bottom of the page.

If you do not have any AFIs or stipulations listed, please mark this section complete.

Section 6. EPP s Continuous Improvement & Progress on (advanced level) Phase-in Plans and (initial-licensure level) Transition Plans

2026 Annual Accreditation Report : Annual Accreditation Report :
Section 6. EPP s Continuous Improvement & Progress on (advanced level) Phase-in Plans and (initial-licensure level) Transition Plans

6.1. Summarize any data-driven EPP-wide or programmatic modifications, innovations, or changes planned, worked on, or completed in the last academic year.

This is an opportunity to share targeted continuous improvement efforts your EPP is proud of. Focus on one to two major efforts the EPP made and the relationship among data examined, changes, progress with any Transition Plans (initial-licensure level) and/or Phase-in Plans (advanced level), and studying the results of those changes.

The EPP has made considerable progress in recruiting students into low-enrollment teacher licensure programs through partnerships, such as Jackson Middle College (JMC). JMC represents a strategic partnership between Jackson State University, Jackson Public Schools, and the Mississippi Department of Education designed to create a sustainable "Grow Your Own" teacher pipeline. This collaboration exemplifies CAEP Standard R2.1 by establishing a mutually beneficial partnership that shares responsibility for candidate preparation, clinical experiences, and continuous program improvement. Partners co-construct program design, identify staffing needs, and provide authentic, school-based experiences that are intentionally aligned with district priorities and P-12 student needs.

JMC is a dual enrollment opportunity for high school juniors and seniors within the Jackson Public School District who are committed to pursuing a degree in mathematics education at Jackson State University. In exchange for their commitment to teaching in JPS for a period of three years post-graduation, Jackson Public School District pays a reduced tuition while students are dually enrolled. Upon high school graduation, the participants enter Jackson State University with 60+ hours of college credit. We currently have three cohorts of mathematics education students enrolled in the program accounting for nearly 30 mathematics educators in our pipeline. We are in the process of expanding the program to include special education majors beginning fall 2026. We anticipate recruiting a cohort of seven JMC students. We have also acquired grant funding to support an additional cohort of eight special education students from local community college in fall 2026. These efforts position us to address critical needs content areas in local communities, as well as, to conduct research and develop replicable models for other districts and universities to follow.

Section 7: Feedback for CAEP & Report Preparer's Authorization
