

# JACKSON STATE UNIVERSITY CAREER SERVICES CENTER

**Kayla D. Johnson**

**Major:**

Computer Science

**Graduation Date:**

May 2018

**Position:** Full-Time Employment at Lockheed Martin Systems Engineer ASC

**Organization Name & Location:** Lockheed Martin Systems

**How Has The Career Services Center Helped You?**

The career services center helped me gain confidence in myself and to never give up. They helped me with strengthening my interview skills and having the ability to show my skills/worth to hiring managers. They also opened my eyes to what the world could offer me and I take advantage of every opportunity that comes my way.

**Advice For Other Students:**

You may not be one of the lucky ones that will get a job offer right after college and let me tell you it is ok!! I was in that same boat and I almost lost my faith but thanks to my support system including my JSU Computer Science Department and my trust in God, I gained my confidence back and here I am with a full time job. Remember never give up, God only give his toughest battles to the best, and always believe in yourself.
