Once Upon a Wolf

Playwright: Steph DeFerie

Director: Ja'Ohn Bennett

Once Upon a Wolf is a collection of fractured fairy tales with a modern twist that tells what happens when the Big Bad Wolf decides he doesn't want to be big or bad anymore. It showcases favorites like "Red Riding Hood," "The Three Little Pigs," "Goldilocks and the Three Bears", and Jack and the Beanstalk with fun for the kids and parents. Please bring your family and friends for a fun time!

The production is a collaboration between Kids Kollege the Department of Speech & Theatre and the Music Department at JSU. It is part of a semester-long initiative designed to involve youth in the arts. Students have been working on collaboration, confidence-building, public speaking, technical design and acting skills, culminating in a performance.
