**2024 Annual Accreditation Report : Annual Accreditation Report :**

**Section 6. EPP s Continuous Improvement & Progress on (advanced level) Phase-in Plans and (initial-licensure level) Transition Plans**

**6.1. Summarize any data-driven EPP-wide or programmatic modifications, innovations, or changes planned, worked on, or completed in the last academic year.**

This is an opportunity to share targeted continuous improvement efforts your EPP is proud of. Focus on one to two major efforts the EPP made and the relationship among data examined, changes, progress with any Transition Plans (initial-licensure level) and/or Phase-in Plans (advanced level), and studying the results of those changes.

The EPP has made significant progress in revising assessments utilized in the Educational Leadership program and in the initial level teacher education program. Educational Leadership faculty reviewed institutional and statewide assessment data from state institutions utilizing common assessments. Faculty from the institutions all worked together to revise their assessments to make them more user-friendly for the candidates. Those newly revised assessments have been uploaded into TK20 and are currently administered to our candidates. Initial level faculty reviewed student performance data on the EDCI 401 Clinical Unit Plan and Assessment of Student Learning (CUPASL) assignment and the EDCI 402 Statewide Impact on

Student Learning (SoL) assignment and noticed discrepancies in student performance between the two assessments even though they are very similar. Faculty streamlined instructions, developed a template, and increased trainings on the EDCI 402 SoL assignment and saw a significant increase in performance from fall 2023 to spring 2024.

**AR Reviewer Question 6. Has the EPP shared its continuous improvement initiatives, AND (if applicable) provided CAEP with an update regarding the EPP's progress on its advanced level phase-in plans and/or initial level transition plans?**
