

Recommended Journals*

Students pursuing the M.A. in English may select to follow the Non-thesis Option route to that degree. One of the requirements for the Non-thesis Option Portfolio is that the student must submit the portfolio paper to a peer-reviewed journal. The student should begin by compiling a list of journals that would be appropriate for the subject matter of the portfolio paper. This “Recommended Journals” list is offered as a starting point for the student in determining general audience and specialized journals appropriate for the portfolio paper.

The graduate faculty recommends that students review journal articles prior to drafting the portfolio paper. Knowing in advance the required style of documentation and minimum length of each journal will simplify the process of revising prior to the submission stage.

This list has been adapted from a list used by the Department of English at the University of Texas at Austin.

Generalist
