1- CyberForm, available online at <http://www.jsu.edu/graduateschool/cyberadvising>

2-IRB - Institutional Review Board; IACUC - Institutional Animal Care and Use Committee; and IBS - Biosafety Committee.

Through a system of academic advising, Jackson State University assists each student in planning academic programs, developing course schedules, completing graduate requirements, and making decisions affecting educational growth and development. The student is urged to consult an academic advisor each registration period to review policies and degree requirements. Academic advisors endeavor to provide assistance in a timely and accurate manner.

#### **Graduate Faculty**

While mentoring is an individual matter, a good mentor should relate to graduate students as individuals. A good mentor helps students to identify their strengths and weaknesses, to build on the former, and to work on overcoming the latter.

#### **Mentoring Graduate Students**

Mentoring plays a vital role in the graduate experience and requires a communicative partnership between the student and the mentor, with the support of the program and graduate school.

#### **Graduate Departments/Programs**

Graduate departments and/or programs are responsible for providing an environment in which students can be successful.

#### **Graduate Student**

Graduate students bear responsibility for ensuring a positive mentoring relationship with their advisor, and for meeting the requirements of the degree program.

*Advisors are required to provide academic assistance in a timely and accurate manner. Meeting requirements for graduation is the responsibility of the student.*
