Graduate studies at Jackson State were authorized by the Board of Trustees in 1953. Instruction was limited to Educational Administration and Supervision, for which the first Master of Science in Education degrees were awarded in 1957. Dr. Augustus C. Blanks was the first Director of Graduate Studies. In 1959, Dr. Charles C. Mosley succeeded Dr. Blanks as director and eventually as Dean of the Graduate Program. He was followed by Dr. Oscar A. Rogers, who became Dean of the Graduate Program in 1969. In 1972, the Graduate Program was elevated to school status, the result of a comprehensive expansion effort. In that year, the Master of Business Administration, the Master of Arts, and the Specialist in Education degrees were offered for the first time, and in 1974, the Master of Science degree was offered. In 1982 the first Doctor of Education Degree was conferred in Early Childhood Education. Dr. Leslie Burl McLemore was appointed Dean of the Graduate School in August, 1984. Dr. Bettye Ward Fletcher was appointed Dean of the Graduate School in August, 1991. The Environmental Science Doctoral Program was implemented in the Fall of 1992 as an interdisciplinary program based upon the integration of natural and applied sciences. The Master of Social Work degree was instituted in August, 1995. In 1996, Dr. Lula S. Collier served as the Interim Dean of the Graduate School. The Doctor of Philosophy in Social Work began in August, 1997. Dr. Dorris R. Robinson-Gardner became Dean of the Graduate School in August 1997, and remained in that position until the spring semester of 2018 (then, the Division of Graduate Studies). After serving nine months as Interim Graduate Dean, Dr. Preselfannie E. Whitfield McDaniels became Graduate Dean April 2019. Before this time, Dr. Darcie Bishop briefly served as Interim Dean of the Division of Graduate Studies from April-June 2018. The University is classified as a research university (high research activity) by the Carnegie Foundation.

The Division of Graduate Studies has supervision of all graduate work at the University. The Division of Graduate Studies is composed of the departments which offer graduate instruction leading to masters', educational specialist, and doctoral degrees. The faculty of the Division of Graduate Studies consists of those faculty members in the departments who are qualified to teach and do research on the graduate level. Members of the graduate faculty engage in scholarly pursuits in terms of research, writing, publishing, and participating in professional organizations.

The University is authorized by the Board of Trustees of Institutions of Higher Learning to offer the Doctor of Education Degree in Early Childhood Education, the Doctor of Philosophy Degree in Business Administration, Chemistry, Clinical Psychology, Computational and Data-Enabled Science and Engineering, Educational Administration, Engineering, Environmental Science, Public Administration, Social Work, Urban Higher Education, and Urban and Regional Planning and the D.P.H. in Public Health.

The Graduate Council

The Graduate Council is responsible for the development and coordination of general policies and procedures for graduate programs and the maintenance of uniform standards for the admission of students and for the awarding of graduate degrees. It is, therefore, the responsible body to recommend, initiate, develop, and approve graduate programs.

Acting with the Graduate Dean, the Graduate Council may initiate plans for improvement of graduate instruction, set standards for the Graduate Faculty, and, in general, oversee the proper functioning of the Division of Graduate Studies.

The Graduate Council consists of a representative, usually the Department Chair, from each department and program offering graduate degrees. At the Annual University Fall Faculty Seminar, an additional representative from each School can be elected for one year by the assembled graduate faculty. The Graduate Dean also appoints for one or two year terms additional members from the faculty at large in order to ensure balanced representation. Two graduate students are appointed by the Dean for one year. These representatives act in an advisory capacity and are charged with the transmittance to their departments of the deliberations of the Graduate Council and are also charged to bring recommendations to the Council.

During the academic year, the Graduate Council meets during the following months: October, November, February, and April. Special meetings of the Council may be called by the Dean or by a majority of the Council members.

The Graduate Faculty

The Graduate Faculty consists of the President, Provost, the academic deans and those members of the general faculty who, by their scholarly attainments in their own fields of specialization have demonstrated their competence to offer graduate instruction.

The purpose and functions of the Graduate Faculty, within limits established by the Board of Trustees, are to offer graduate courses, supervise thesis and dissertation research, and advise the Graduate Council and the Graduate Dean on the establishment of policies relating to graduate education. The major advisory functions of the Graduate Faculty are carried on by committees appointed by the Graduate Dean. Appointment to the Graduate Faculty is made by the Provost.

Admission of Faculty and Staff Members

Jackson State University faculty and staff members may be admitted to Graduate Studies through established procedures and meet all admission criteria.

Readmission

Readmission is NOT automatic. Readmission requires approval by the major department, the Academic College Dean or designee, and Graduate Studies.

The student must file a Readmission Application at least three weeks before the beginning of the semester. The student should consult with the major department or academic school before starting this process.

Inactive Students

Students with "inactive" status must apply for readmission. An inactive student is one who in the last twelve-month period has NOT:

1. Registered for at least three credit hours, or
2. Registered for continuous registration, or
3. Registered for thesis/dissertation, or
4. Received a leave of absence.

If the student wants to be readmitted to graduate study, the student has to file for readmission before being permitted to register.

An application for readmission is not required under the following circumstances:

1. If the student has registered during the Spring Semester and returns in the subsequent Fall semester.
2. If the student attended the preceding summer session but does not register during any semester of the intervening academic year.

Transfer of Credit at Time of Admission

Graduate credit may be transferred from graduate schools of regionally accredited institutions. Transfer credit is not automatic and is made upon the recommendation of the chairperson of the major department, the academic college dean or designee and approval of the Dean of Graduate Studies. Credits are usually transferred during or at the end of the student's first semester of enrollment. Students should not assume that all graduate credits earned at other institutions will transfer.

Only those hours in which the student has achieved a grade of "B" will be considered for transfer. These credits must be in an area that is the same as, or closely related to, the major field of concentration. Students should consult with the specific degree program for regulations pertaining to the program. Time limits apply to transfer credit. All master's and specialist students must complete their programs within eight years of starting coursework at Jackson State or elsewhere.

A maximum of 15 semester hours of transfer may be applied toward the doctoral degree. Students should consult with the specific degree program for regulations pertaining to the program. Time limits apply to transfer credit.

A student who has previously registered as non-degree seeking in Graduate Studies should note that work taken in this category is treated as transfer credit if the student is later admitted to a degree program. A maximum of 12 semester hours may be transferred to a graduate degree program from non-degree status, subject to approval by the department chairperson and the Dean of Graduate Studies.

Courses taken while a student is registered in other schools of the University are treated as transfer credit if applied later to graduate degrees. Such courses may not be used to meet residency requirements.

Conditional admission to Jackson State University may be granted to international students with a stipulation of successfully completing all levels of English study at the English as a Second Language Institute (ESLI) of the Department of International Studies. This qualifies students to be admitted to all undergraduate and graduate programs provided they fulfill all other academic requirements needed in their respective majors except English Literature which requires TOEFL score of 233 for the Master of Arts degree.

If Conditional Admission to JSU is received:

1. The student will receive an I-20 document from JSU to apply for a student visa from their country of origin.
2. The I-20 document will state that the student is admitted to JSU to study an academic degree program and major. It will also state that the student will study English at JSU before beginning study in the academic major and degree program.

International Student Advisor

A student from outside the United States attending Jackson State University on a non-immigrant (F-1 or J-1) student visa is advised through JSU Global. Upon arrival on campus, all international students must report to the International Student Advisor, located at the central office, 1330 John R. Lynch Street. International students must inform the International Student Advisor of matters such as enrollment status, change of an address, change of major, legal name change, and/or any disciplinary action taken by the university as a result of the student being convicted of a crime. For more information, contact the International Student Advisor at (601) 979-1611.

Changing Departments or Programs

To transfer from one major department to another during a term in which a student is registered, the student is required to submit a new application.

To transfer from one program to another program located in the same department, the student is required to submit a "Program Transfer form" and submit it to the current major department, requesting transfer. If the department approves, the approval is noted, a current degree evaluation is attached to the form, and forwarded to the Graduate Dean for final action.

FEDERAL FINANCIAL AID

The Financial Aid department at Jackson State University coordinates all financial assistance offered to students. The fundamental purpose of the financial aid program is to make it possible for students to attend school who would normally be deprived of a post-secondary education. Financial Aid is economic assistance available to help a student meet the difference between what he/she can afford to pay and what it will actually cost to attend Jackson State University. This economic assistance may be in the form of grants, loans, employment, scholarships or a combination of any of these programs.

Students seeking federal financial assistance are required to complete the Free Application for Federal Student Aid (FAFSA). The priority deadline date for Jackson State University is April 15 of each year.

FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA) – www.fafsa.ed.gov

All aid is contingent upon admission; therefore, a student must apply for admission to the University. Federal Financial Aid Programs fall into one of three categories: grants, loans and work-study. Grants are financial aid that students do not have to pay back unless; the student withdraws from school and owes a refund.

LOAN

Loans are borrowed money that must be repaid with interest. The types of loans available are:

1. Federal Perkins Loans
2. Federal Stafford Loans
3. Federal Plus Loans

FEDERAL PERKINS LOAN The **Federal Perkins Loan** is a low-interest (5%) loan obtained through the University to help finance a student's college education. These loans are for both undergraduate and graduate students with exceptional financial need. A student may borrow up to \$5,500 for each year of undergraduate study and \$8,000 each year for graduate or professional study. A student must sign a promissory note agreeing to repay the loan before the school will either pay him/her directly or credit the student's account. The student will receive the loan within at least two payments during the academic year. A student has a period of time before repayment of the loan begins, called a "grace period." Half-time students have a grace period of nine months after he/she graduates, leaves school, or drops below half time. At the end of the grace period, the student must begin repaying the loan. He/she may be allowed up to 10 years to repay it.

Federal Direct Stafford Loans (Subsidized and Unsubsidized) are low interest loans made by the U. S. Department of Education to students enrolled at least half time. For loans first disbursed on or after July 1, 2009, the interest rate is 6.8 percent for subsidized loans

for undergraduates, and 6.8 percent for unsubsidized loans for undergraduates and graduates. The Federal Stafford "Subsidized" Loan is based on financial need, but the Federal Stafford "Unsubsidized" Loan is not. The Subsidized and Unsubsidized Federal Stafford Loans combined cannot exceed loan maximums set by the Department of Education per academic year.

Eligible loan amounts are determined by the Cost of Attendance minus Expected Family Contribution, minus any other assistance the student may receive. After the student graduates, leaves school, or drops below halftime, he/she has six months before beginning repayment. This is called a "grace period" if it is a Subsidized Stafford Loan; he/she will not have to pay any principal or interest during that period. If the student has an Unsubsidized Stafford Loan, he/she will be responsible for the interest from the time the loan is disbursed until the loan is paid in full. Student Loan Entrance and Exit Interviews are required for all loan borrowers. Students may contact the Financial Aid Office for more information.

The **Federal Direct PLUS Loan** is a loan for the parent of a dependent child who is enrolled at least half time. In addition, graduate or professional degree students may obtain PLUS Loans to help pay for their own education. This loan is made through the U. S. Department of Education. Credit checks are required.

The yearly loan limit is the cost of attendance minus any estimated financial aid for which the student is eligible. The Direct PLUS loan interest rate is 7.90%. Repayment begins on the date of the last disbursement for the period in which the loan was disbursed.

The **Federal Work Study Programs** provides part-time jobs for students who have financial need, allowing them to earn money to help pay educational expenses. The program encourages community service work. At Jackson State University, students work in various offices and departments with their work schedule built around their academic class schedule. The amount of the FWS award depends on the student's financial need and the amount of money the school has been allocated for the program. In arranging a job and assigning a work schedule, the work study coordinator will take into account the student's class schedule, health and the skills needed to perform the assigned duties. The salary received will be based on the current minimum wage. The student will be allowed to work up to 15 hours per week unless otherwise indicated. Under no circumstances can a student earn as much FWS money as he/she wants. The total amount of aid awarded from Federal and Non-Federal sources cannot exceed the student's financial need. The student is paid twice per month.

The **University Work Aid** is a non-need program that provides jobs for students who are unable to qualify for the Federal Work Study Program. These funds are available for students who possess a needed skill or talent. Students are employed in a variety of University offices and departments. In order to qualify, the student must:

- Demonstrate financial need, except for certain loan programs;
- Have a high school diploma or a General Education Development (GED) certificate;
- Enroll as a regular student seeking a degree or certificate in an eligible program;
- Be a U.S. citizen or eligible non-citizen;
- Have a Social Security Number;
- Make satisfactory academic progress;
- Have certification that federal aid will be used only for educational expenses;
- Certify there is no default on a federal loan and does not owe money on a federal grant;

- Be registered with Selective Service, if required.

VERIFICATION POLICIES AND PROCEDURES

The Office of Financial Aid conducts verification on all applicants selected for verification by the Department of Education edit checks. Applicants selected for verification must submit the following documents to the Financial Aid Office:

1. Signed copy of the Federal Income Tax Returns (or other acceptable tax documents) of the applicant and or spouse, or parent(s), if applicable;
2. A completed Verification Worksheet (dependent or independent) listing household size, number in college, and other untaxed income and benefits. The information submitted on the FAFSA is compared with the information contained in the official documents submitted to complete verification (tax returns or other acceptable documents and verification worksheets). The verification process can take four to six weeks from the time all required documents are received.

NOTE: Verification documents requested by the Financial Aid Office must be submitted within sixty (60) days of the request. If the requested information is not received within the sixty (60) days, the application for financial assistance will not be processed until verification is completed.

CORRECTION PROCESS

Once all documents are received, corrections, if any are needed, will be made electronically. If the verification process results in a change in the expected family contribution (EFC), the student will receive an acknowledgment letter from the U.S. Department of Education with the corrected data. The student will also receive notification from the Financial Aid Office via his/her JSU web account. The electronic correction process takes 7 to 10, working days. Once the correction is received, the student will be awarded and notified.

CONFLICTING INFORMATION

Conflicting information must be resolved prior to disbursing federal student aid to students. If conflicting information is discovered after disbursing federal student aid, the discrepancies must still be resolved and the appropriate action must be taken based on specific program requirements. Conflicting information is separate and distinct from verification and must be resolved whether or not the student is selected for verification.

REFERRALS TO THE OFFICE OF THE INSPECTOR GENERAL OF THE DEPARTMENT OF EDUCATION

The Office of Financial Aid will refer to the Inspector General of the Department of Education any credible information indicating that an applicant for Title IV Program assistance may have engaged in fraud or other criminal misconduct in connection with his or her application. Examples of this information are:

1. False claims of independent student status;
2. False claims of citizenship;
3. Use of false identities;
4. Forgery of signatures or certification;
5. False statements of income; and
6. Other illegal conduct involving the administration of Title IV Programs.

RECOVERY OF FUNDS (OVERPAYMENTS)

Jackson State University will make every effort to avoid overpayment of Federal funds to financial aid recipients. If a financial aid recipient receives an overpayment as a result of the verification process, the Office of Financial Aid will eliminate the overpayment. The overpayment will be eliminated by adjusting

subsequent financial aid payments during the award year or reimbursing the Federal Program account within sixty (60) days of the recipient's last day of attendance or the last day of the award year, whichever is earlier. **APPLICANTS WHO OWE A REPAYMENT OF FEDERAL FUNDS ARE NOT ELIGIBLE TO RECEIVE FEDERAL AID UNTIL THE OVERPAYMENT IS PAID IN FULL.**

STANDARDS FOR SATISFACTORY ACADEMIC PROGRESS

Section 484 of the Higher Education Act (HEA), as amended, requires that a student maintains satisfactory progress in the course of study he or she is pursuing according to the standards and practices of the institution in which he or she is enrolled in order to receive aid under the student financial assistance programs authorized by Title IV of the HEA. These programs include the Federal Pell Grant, Federal Supplemental Education Opportunity Grant (SEOG), Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent Grant (SMART), Leveraging Education Assistance Partnership Program (LEAP), Federal Work-Study, Federal Perkins Loan, and the Federal Family Educational Loan Program.

Standards for Academic Progress

Graduate students must meet the Satisfactory Academic Progress Standard as set by Graduate Studies (adequate progress toward completion of degree requirements and cumulative GPA of 3.0 and above). Graduate students must complete a minimum percentage of hours attempted (grades of "F", "W" and "I" are counted as attempted; however, not as completed). Students have a two semester probationary period including the current semester enrolled. Failure to bring the cumulative GPA into compliance and or complete the required hours renders the student ineligible for financial aid and the student is denied Title IV assistance.

MAXIMUM TIME FRAME

Financial aid eligibility is subject to the maximum time frame limits noted below:

Quantitative Standards

Students are expected to complete the requirements for degree within a reasonable time frame. Students must pass a minimum percentage of JSU courses attempted. For this standard students must pass 67% of hours attempted.

Grades

Grades of "D", "F", "W" (withdrawn), and "I" (incomplete) do not count towards satisfactory academic progress; however, they are counted as attempted hours. Also, all repeated hours are counted as attempted hours.

Satisfactory academic progress is measured bi-annually at the end of the fall and spring semesters.

Probation

Failure to complete the required hours and maintain the appropriate cumulative GPA will result in a two semester probationary period including the current semester enrolled. Failure to bring the cumulative GPA into compliance and or complete the required hours, at this point, will be considered as not maintaining satisfactory academic progress and therefore renders the student ineligible for Title IV assistance.

Appeal Procedures

Students who fail to maintain satisfactory progress or have not met degree requirements may appeal the denial by explaining the

mitigating circumstances in writing to the Chairperson of the Financial Aid Appeals Committee by the last published date to complete registration. Appeals received after this date will be considered for the next semester.

Reinstatement

The Financial Aid Appeals Committee will review the appeal for reinstatement of aid. The decision will be based on the strength of the appeal, the documentation submitted, and the academic record. Financial aid will be reinstated for students who reestablish eligibility by maintaining the standards of satisfactory academic progress.

Mitigating Circumstances

Mitigating circumstances are special or unusual circumstances or conditions that have affected the student's ability to progress according to specified standards. These circumstances may include, but not limited to, bereavement, illness, emotional or personal difficulties, disability, eviction and undue hardship based on traumatic occurrences. These circumstances must be explained in detail when appealing a financial aid denial. The Financial Aid Office at Jackson State University does not discriminate against students on the basis of sex, handicap, race, color, religion or national origin, pursuant to the requirements of Title IX of the Educational Amendments of 1972, the Rehabilitation Act of 1973, and other applicable statutes.

TUITION and FEES

Fees are subject to change upon approval of the Board of Trustees of State Institutions of Higher Learning.

Full-Time Students - State resident students who register for 9.0-13.0 semester hours will pay a flat rate per semester. State resident students that register for more than 13.0 semester hours will pay the flat rate plus a prorated amount for each hour over 13.0 hours. In addition to the regular fees assessed graduate students, out-of-state students will pay an out-of-state fee.

Part-Time Students - A graduate student carrying fewer than 9 hours is considered part time. Part-time students are assessed tuition on a prorated amount per semester hour. Out-of-state students must pay, an additional prorated amount per semester hour.

Auditing Students - A person may audit a course at the University without being officially enrolled as a degree-seeking student. The student must, however, be eligible for admission to the University. A fee is charged per semester hour for each course, and no refund is made if the course is dropped at any time after registration.

Examinations Charges

Entering students are assessed a testing fee for the Graduate English Competency Examination.

Thesis and Dissertation Fees

Master's and Specialist students completing a thesis are assessed a thesis fee. Doctoral students are assessed a dissertation fee.

Tuition Policy Adjustment

Tuition adjustments are based on the date that classes begin and the date a course is dropped or on the date of withdrawal. Students withdrawing from the University before the close of a semester must complete and submit the "Application for Withdrawal" form, before the announced deadline (see Academic Calendar). This form can be secured from the Office of Student Affairs, JSU Student Center.

Withdrawals and Refunds

The Higher Education Amendments of 1998 (HEA98) represent a major shift in the Return of Title IV Federal Financial Aid when a student withdraws from the University. The policy governs all federal grant and loan programs but does not include the Federal Work Study program. In general, it is assumed that a student "earns" approved/verified federal financial aid awards in proportion to the number of days in the term prior to the student's complete withdrawal. If a student completely withdraws from the University during a term, the University must calculate, according to a specific formula, the portion of the total financial assistance that the student has earned and is entitled to retain, until the time that the student withdrew.

ACADEMIC REGULATIONS

HONOR CODE

I will be honest in all of my academic coursework and will not indulge in or tolerate the academic dishonesty of my counterparts or peers. I will not partake in any type of misconduct, misrepresentation, or immoral behavior that will harm, damage, or endanger any person, property or myself or reflect negatively against me or hinder my academic continuance. I will strive to achieve excellence and to complete degree requirements without hesitation. I am a valuable part of the Jackson State University family, and proud of it.

Student Responsibility for Meeting Graduate Requirements

Each student should thoroughly study the **Graduate Catalog** and become completely familiar with the organization, policies, and regulations of the university. Failure to do this may result in serious mistakes for which the student shall be held fully responsible. Only the general academic regulations and requirements governing graduate programs are presented in Orientation. Specific requirements pertaining to individual programs are outlined within the departmental section of the catalog. It is the student's responsibility to keep current on information that may affect their matriculation in graduate school. Whenever a problem occurs, students should contact their major advisor, department chair, college dean, and/or the Graduate Dean's office. Advisors endeavor to provide such assistance in a timely and accurate manner, **but meeting requirements for graduation is the responsibility of the student.**

A graduate student may be classified as:

1. In Good Standing,
2. On Probation, or
3. Subject to Dismissal.

1. Good Standing. A graduate student is judged to be in good standing when making adequate progress toward completion of degree requirements, has a cumulative GPA of 3.00 and is not on probation or subject to dismissal.

2. Probation. Failure to complete the required hours and maintain the above grade point average will result in a one semester probationary period. Probation is intended to provide a student whose performance is less than fully satisfactory a period of time to bring his/her performance up to a level consistent with the minimum standards enforced by Graduate Studies and/or the program in which enrolled.

A student may not remain in probationary status for longer than two semesters. When a student is placed on probation, he/she will be notified of the fact in writing and will have one semester to correct the deficiencies that led to this action. If, at the end of this period, all deficiencies have been removed, and no other circumstances

warranting probation have developed in the interim, the student will be returned to good standing. If the deficiencies have not been corrected by the end of this period, the student may become subject to dismissal.

Probation may be initiated by the Graduate Dean or by the recommendation of the Graduate Advisor in the student's major department, school, college or graduate group. A student may be placed on probation for one or more of the following reasons:

- Failure to maintain an adequate level of performance (as measured by GPA) in courses central to the student's program of study.
- Failure on the departmental preliminary examinations or failure to stand for such exams in a timely manner.
- Failure to proceed to the comprehensive or qualifying exams within a reasonable period of time.
- Failure to make adequate progress in meeting other stated program requirements for example: submission of an acceptable dissertation prospectus, passage of required language examinations, etc.)
- Failure to make adequate progress in thesis or dissertation research or writing, or in the independent study project.

Students on probationary status may not be admitted to examinations (Master's Comprehensive or Doctoral Qualifying), nor advanced to Candidacy, nor hold an academic appointment, nor receive a graduate fellowship, nor defend a dissertation, thesis or project, nor be eligible to receive a graduate degree.

3. Unsatisfactory Work and Dismissal from a Department or Program.

A graduate student whose course work is unsatisfactory may be requested to leave the program. The recommendation for dismissal must be made in writing by the adviser, stating specific examples of unsatisfactory work, and must follow a conference held between the student and the adviser. Academic school procedures for dismissal including notification of the Graduate Dean must be followed.

Reinstatement

A former student must submit an Application for Readmission. Official transcripts from all institutions attended since a student was last enrolled at Jackson State University must be mailed to the Office of Graduate Admissions. Unofficial transcripts will not be accepted. Dismissed students who are approved for readmission will be readmitted on probation and must follow the requirements outlined and included with the student's letter from the Division of Graduate Studies which must be received before the student is permitted to register.

STUDENTS ACADEMIC GRIEVANCE PROCEDURE

The objective of the Grievance Procedure is to create and sustain an academic environment that permits students to freely express concerns or reveal complaints about their education and the educational process and to have their concerns and complaints addressed swiftly and forthrightly. Students enrolled at Jackson State University may register a concern or complaint about any academic regulation, the instructional program, delivery of the program, grades received, the academic advisement system, or any other matter related to academic affairs, without any adverse action for expressing the concern or filing the complaint. Concerns and complaints will be received, explored or investigated, and responded to in a fair and timely fashion, though students should understand that the final response by the University may not always be the response that they prefer.

Procedures

Classroom Concerns or Complaints (e.g., grades received; improper dismissals; unprofessional behavior):

- Student discusses concern or complaint with the instructor.
- Instructor provides a response (allowing up to five days if investigation is required)
- Complaints unresolved by the instructor or for which the response is unacceptable must be described in writing by the student and submitted to the department chair.
- The chair properly logs and investigates the matter and provides a written response to the student within ten days.
- Issues that are still unresolved must be submitted by the student to the college dean.
- The dean provides the final written response within ten days, which may be done with committee input and/or in consultation with higher-level administrators.

Other Academic Concerns or Complaints (e.g., academic advisement or academic regulations):

- Student discusses the concern or complaint with the academic advisor.
- The advisor provides a response (allow up to five days if an investigation is needed), or refers it to the appropriate official/body, e.g., department chair or Academic Standards Committee, for response within 20 days. The appropriate official/body returns the response to the advisor and the advisor returns it to the student.
- Unresolved concerns or complaints must be submitted in writing by the student to the college dean.
- The college dean provides a written response within ten days, which may be done with committee input and/or in consultation with the Vice President and Associate Vice President for Academic Affairs.
- If the complaint remains, the student will submit it to the Associate Vice President for Academic Affairs for a final response.

NOTE: Academic complaints dating back more than a semester generally will not be investigated.

The Grading System

The student's proficiency in the work of graduate courses is rated in terms of letter grades. One semester of graduate credit represents one hour per week of class contact time for sixteen weeks. Grade point average (GPA) is determined on a 4.0 scale. The following are letters used to designate a student's standing in a course.

A- Excellent	4 quality points per credit
B-Good	3 quality points per credit
C-Fair	2 quality points per credit
D-Poor	1 quality point per credit
F-Failure	0 quality point per credit
IP-In progress	0 quality points
I-Incomplete	0 quality points

No more than two "C" grades are allowed. A GPA of 3.00 must be maintained both overall and in the student's major area of concentration at the Master's level. Doctoral students should consult the department chair and academic college dean for specific requirements. Grades of "D", "F", "W" (withdrawn), and "I" (incomplete) do not count towards satisfactory academic progress; however, they are counted as attempted hours.

Use of the IP Grade - The "IP" grade is to be assigned for project, thesis, dissertation courses or independent study. The grade(s) for these courses should be assigned upon the successful defense of the project, thesis or dissertation or completion of the independent study.

Credit Hour(s)

Jackson State University (JSU) follows the guidelines set forth by its governing body, the Board of Trustees of the State Institutions of Higher Learning (IHL). IHL Policy 506 states the following:

- Course requirements shall include at a minimum the following :
- Board required minimum of 2,250 minutes per three semester hour course, which may include final exam time.
 - The number of weeks must meet Federal financial aid requirements.

For the purpose of implementing this policy and in accordance with federal regulations, Department of Education's Code of Federal Regulations, JSU defines a credit hour as an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than 1) For "one credit hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time," or 2) At least an equivalent amount of work as required as previously stated in item one for other academic activities as established by the institution including laboratory work, internships, practicums, studio work, and other academic work leading to the award of credit hours. (Credit hour definition as published in the Department of Education's Code of Federal Regulations "CFR," Title 34, Part 600.2)

Repeating Courses

Students in graduate degree programs are permitted to repeat two (2) courses upon the recommendation of the departmental graduate advisor. Only two repeats are allowed in a graduate program. Both grades will show on the transcript, and the highest grade will be used in computing the grade point average (GPA).

Incompletes

When circumstances beyond a student's control prevent the completion of a course satisfactorily, the student has two options. One is to withdraw, if the 'drop' deadline has passed. The other is to request a grade of incomplete, "I", which allows a time extension. Such a request must be made before the semester ends and before the final exam, and the granting of this privilege is entirely at the professor's discretion.

If the student is in residence, the deficiency must be made up and the grade changed by the instructor within the first six weeks of the following semester. If the student is not in residence, the deficiency must be made up within one calendar year for the date the "I" was given.

The professor is required to indicate on the grade sheet the grade the student should receive if the incomplete is not removed within the prescribed time period. If the student fails to complete the course within the specific time, the grade so indicated will be recorded as the grade of record. When enrolled for thesis, research, or independent study, the "I/P" grade may be applied. No more than two "I's" are allowed at any time unless otherwise granted by the Graduate Dean.

Graduate Academic Second Chance Policy Statement

Graduate students, previously enrolled at the university, may be eligible for matriculation under the Graduate Academic Second Chance Policy.

The Academic Second Chance option must be requested during the

re-admission process and students are required to meet all degree requirements for re-admission. This option may be approved as a one-time opportunity for re-entering graduate school. No student is entitled to readmission under this policy and the University reserves the right to exercise its discretion to deny readmission for academic or non-academic reasons, including financial, conduct-related, probability of success, or other legally permissible reason.

Requirements

1. Student must have been separated from the University for at least three years.
2. All academic credit hours and grades earned during previous enrollment at Jackson State will remain on the student's academic history transcript.
 - a. Previously earned academic credit hours with grades of "B" and above, within time limits, may be used to meet degree requirements if approved by the department chair.
 - b. Previously earned academic credit hours with grades of less than "B" will not be used in the computation of the student's grade point average.
 - c. Graduate English Competency Examination requirements must be completed, if applicable
3. Student must meet all new departmental requirements for the existing program.

Student Responsibilities

1. Complete the Graduate Academic Second Chance application obtained from Graduate Studies. Obtain an official notification of potential readmission from the academic department.
2. Develop and submit an academic enhancement plan in consultation with an academic advisor. Obtain approval of the academic enhancement plan from the department chair in major area and the college dean.
3. Submit a completed application and an approved academic enhancement plan, with appropriate signatures from advisor, chairperson and college dean Graduate Studies.

Course Loads

The minimum course load for a full-time graduate student is nine (9) semester hours and the maximum is thirteen (13) semester hours. The Master of Social Work degree is an exception, requiring fifteen (15) semester hours.

Concurrent External Credit

Students enrolled at Jackson State University who wish to receive credit for courses taken at another institution must obtain written permission from the major department and the Graduate Dean PRIOR to enrolling in external courses. Students are advised to check if these courses will apply towards degree requirements. Approved external transfer credit will be processed upon completion of the course.

Concurrent or Second Master's Degrees

Students are not prohibited from earning two degrees; however, giving credit for one course in two degree programs is permitted only in programs under the College of Education and Human Development. It is considered preferable for an ambitious student to progress from one degree to a higher degree. In this case the earlier degree serves as a prerequisite or is automatically credited as part of the later degree.

Graduate courses which have been taken by undergraduate seniors and which have been applied toward the baccalaureate degree may not be used for filling requirements of a graduate degree.

Time Limits

All master's and specialist students must complete their programs within eight years of starting coursework at Jackson State or elsewhere. Doctoral students must complete all degree requirements within ten years from the time of admission into a program. Specific programs may have different time limits.

Residency

For Master's and Specialist students the residency is one semester; for doctoral students it is one year.

Academic Honesty

All students at Jackson State University are expected to conduct their academic studies in an honest and responsible manner. Any student found guilty of dishonesty in academic work shall be subject to disciplinary actions as defined in the Student Handbook.

Cheating includes the following:

- Submitting material that is not yours as part of your course performance, such as copying from another student's exam, allowing a student to copy from your exam;
- Using information or devices that are not allowed by the faculty; such as using formulas or data from a home computer program, or using unauthorized materials for a take-home exam;
- Obtaining and using unauthorized material, such as a copy of an examination before it is given;
- Fabricating information, such as the data for a lab report;
- Violating procedures prescribed to protect the integrity of an assignment, test, or other evaluation;
- Collaborating with others on assignments without the faculty's consent;
- Cooperating with or helping another student to cheat;
- Participating in or performing other forms of dishonest behavior, such as having another person take an examination in your place; or altering exam answers and requesting the exam be re-graded, or communicating with any person during an exam, other than the proctor or faculty.

Plagiarism includes the following:

- Directly quoting the words of others without using quotation marks or indented format to identify them;
- Using sources of information (published or unpublished) without identifying them;
- Paraphrasing material or ideas of others without identifying the sources;
- Dissertations, theses, projects, proposals or other research papers that are not the work of the student submitting them;
- When direct quotations are used, they must be indicated and when the ideas of another are incorporated in papers they must be appropriately acknowledged;
- When a student is unsure about something that he/she wants to do or the proper use of materials, a faculty member should be consulted for clarification.

Unauthorized/ Illegal Web Use

Jackson State University allows and encourages the use of University owned computer resources. This use is a granted privilege, not a right. Student use must be in accordance with all applicable laws, policies, and standards regarding acceptable use. Areas of concern include but are not limited to:

- Discriminating or libelous statements.
- Copyright infringements ("illegal downloading").
- Obscene, offensive or threatening materials.

- Usage primarily for financial gain or compensation not related to JSU's mission.

Failure to comply with this policy may result in charges being brought within the University's judicial system and in the civil or criminal court system.

Withdrawal from the University

Formal withdrawal from the University is processed through the Office of the Vice President for Student Life. No withdrawal from the University is official until the student has processed the appropriate forms. The effective date of withdrawal is the date the formal application is filed in the Office of the Vice President for Student Life. A student who leaves the University without filing a statement of formal withdrawal is given the grade that the record warrants in all courses in which he/she is enrolled. A student may withdraw from a course within the first 25 days following registration. Grades will be recorded in accordance with the schedule listed in this section. Registration dates are printed in the Official Course Schedule Booklet, also available online.

Neglecting attendance in classes or merely giving notice to instructors will not be considered as official notice of withdrawal. An unofficial withdrawal may result in failure in the course. Class changes that place a student below full-time status will unfavorably affect veteran subsistence, financial aid, and eligibility for other academic recognition.

Continuous Enrollment

Minimum registration for a graduate student to meet the continuous enrollment requirement is **one (1)** graduate credit a term. It is the student's responsibility to register for the appropriate number of credits **each semester** to meet departmental requirements.

Leaves of Absence

Under special circumstances such as illness, family hardship or military service a student who is a degree candidate may be given a leave of absence. In order to be considered for a leave of absence the student must **NOT**:

- Have registered for any course.
- Have been previously registered for thesis or dissertation credits.
- Have an "I" on his/her record.
- Be scheduled to take any examination (such as language, comprehensive, etc.)

Leaves of absence will be granted for one semester, or longer, as circumstances warrant. No leave is granted for more than one calendar year. To obtain a leave of absence:

1. The student writes a letter outlining in detail the reasons for requesting a leave. This letter should be addressed to the Chairperson of the student's major department.
2. The Chairperson will determine the appropriateness of giving the leave, adding his/her recommendation to the letter and forward it to the Graduate Dean.
3. After action by the Dean, the Division of Graduate Studies will notify the student, the department, and the Registrar (the latter only if the leave is granted) of the decision.

Advising of Students

Each graduate student pursuing a degree is assigned an advisor or mentor within the area in which the student is concentrating. The department chair in consultation with the student will appoint this adviser. If the student in a degree program chooses to write a thesis or a project, a committee of at least three (3) graduate faculty

members will be appointed to help direct the thesis. Students writing a dissertation, will be guided by a committee, chaired by the major advisor.

Enrollment of Undergraduate Seniors in Graduate Courses

A graduating senior who has an overall 3.00 or better grade point average and who lacks no more than nine semester credit hours for the completion of the baccalaureate degree may, with the approval of the Graduate Dean, register for a maximum of six (6) semester credit hours on the graduate level during the final undergraduate semester. No student may receive graduate credit for any course taken when he has not formally applied for, and received, admission to the Division of Graduate Studies.

Courses Carrying Undergraduate and Graduate Credits

A maximum of twelve (12) hours of courses carrying undergraduate and graduate credits may be accepted as graduate credit under the following conditions:

1. Such courses may be listed in the Bulletin as offering both undergraduate and graduate credit
2. A minimum grade of "B" must be received in each course presented for graduate credit,
3. These courses must not also be used to fulfill undergraduate requirements;
4. The student must be enrolled in a graduate program when such courses are taken; and
5. Additional course requirements must be included for graduate students.
6. Graduate courses which have been taken by undergraduate seniors and which have been applied toward the baccalaureate degree may not be used for filling requirements of a graduate degree.

IACUC Approval of Research

The Institutional Animal Care and Use Committee (IACUC), as mandated by federal law, oversee the institution's compliance with all aspects of the institution's animal care and use program. The IACUC is responsible for reviewing all animal care applications using vertebrate animals, inspecting animal facilities and investigator laboratories, investigating animal concerns, and overseeing educational and training programs. The IACUC assures that animal research conducted at the Jackson State University remains in full compliance with institutional policies, federal, state and local regulations. Contact the IACUC Office if you have any questions regarding protocol application submission and approval at (601) 979-2589/3664. IACUC approval is valid for 12 months.

IRB Approval of Research

The role of the Institutional Review Board (IRB) is to review all the proposed research involving human subjects and to ensure that subjects are treated ethically and that their rights and welfare are adequately protected. The IRB process is administered through the Research Compliance Unit. Investigators and student researchers are not allowed to solicit human subject participation or begin data collection prior to receiving IRB approval in writing. Contact the IRB Office if you have any questions regarding protocol for application submission and approval at (601) 979-4197. IRB approval is valid for 12 months.

Institutional Biosafety Committee (IBC)

The Jackson State University Institutional Biosafety Committee (IBC) has the charge of reviewing and approving recombinant DNA research and biohazard projects. All recombinant DNA research at JSU, regardless of funding source, must be conducted in accordance with the NIH Guidelines for Research Involving Recombinant DNA Molecules and the use of infectious micro-organisms in research,

teaching and the handling of infectious waste disposal. The Biosafety website serves as a helpful reference and guide to facilitate compliance with Biosafety related practices, institutional policies, and governmental regulations. All questions pertaining to Biosafety should be directed to Research Compliance at (601) 979-2859.

CANDIDACY AND GRADUATION REQUIREMENTS

**Students should consult with department chairs or academic dean for specific departmental, school and college requirements.*

Master's Degree

ADMISSION TO CANDIDACY

When approximately 12-15 semester hours have been completed the student should make application for advancement to candidacy. Please note that students cannot be advanced to candidacy until:

1. All admission requirements have been met.
2. Notification of the program option the student is electing, or that is required.
3. All incompletes ("I" grades) have been removed.
4. The Graduate English Competency Examination was passed, or in the event of failure, passed ENG 500 with a grade of B or better.
5. Earned a 3.00 cumulative G. P. A.
6. Registered for Graduate Degree Candidacy with the approval of the Candidacy Committee in his major department.
7. A minimum of 30 required hours of course work (please check with your individual program).

EXAMINATIONS

Each graduate student who intends to earn a master's degree at Jackson State University must successfully pass qualifying, comprehensive or final examinations or a combination of these. The content and methods of conducting these examinations are the responsibility of the college, school or department.

GRADUATE ENGLISH COMPETENCY EXAMINATION, (GECE)

This test is taken prior to registration or during the first term when the student begins work beyond the undergraduate level at Jackson State University. It is designed to show the strengths and weaknesses of each student in the areas of grammar and usage, logic, organization and content. Students unsuccessful on the English Examination must pass English 500-Advanced Laboratory Writing. The examination can be taken only once. It is expected that students who must take English 500 will do so no later than their second semester of enrollment. A final grade of "B" or higher is considered passing in English 500. ENG 500 does not earn credit in graduate degree programs. Information on specific dates can be obtained from Graduate Studies, the Graduate website and academic departments.

Exemptions

1. Students in selected degree programs may meet this requirement by obtaining appropriate scores on the following examinations: GRE, GMAT and PRAXIS.
2. JSU undergraduate students may meet this requirement by entering Graduate Studies **immediately** after graduation.

Please contact your department chair or graduate program advisor for eligibility. Graduate Studies must receive notification of students meeting the requirement via exemptions.

GRADUATE RECORD EXAMINATION (GRE)

Candidates for degrees at Jackson State University may be required to take the Aptitude Test and may be required to take the Advanced Test in their field of specialization. Information with regard to dates and fees may be secured from the JSU Testing Center

(www.jsums.edu/dta) or from the Educational Testing Service, 20 Nassau Street, Princeton, New Jersey 08540 (www.ets.org). Students should consult with the department chair for specific departmental requirements.

GRADUATE AREA COMPREHENSIVE EXAMINATION, (GACE)

Each graduate student who intends to become a candidate for the master's degree at Jackson State University should take a written comprehensive examination in the student area of specialization after completing 24 semester hours of graduate credit with a cumulative average of "B" or better in courses completed.

No student may appear for the comprehensive examination until the Dean of Graduate Studies has declared him eligible for the examination. The student must be registered for at least one credit hour in the semester in which the examination will be taken. An audited course will not meet this requirement.

The Graduate Area Comprehensive Examination may be given three times a year, once in each semester. The Dean of Graduate Studies will set the date. A student may be permitted to take the Comprehensive Examination twice if the student fails the second time, the student must petition the Academic College Dean or designee for permission to take the examination the third time. The student should register with the assigned adviser or department chair to take this examination in the last semester or summer session of course work.

If the student fails the written examination, the program has the option of administering an oral examination as an immediate second chance attempt to pass the examination. The oral examination must be administered in the same semester the written comprehensive examination is given. Results should be reported to the Division of Graduate Studies within 2 weeks of the examination.

FINAL ORAL EXAMINATION.

The Final Oral Examination is administered by a committee of at least three graduate faculty to students who write theses. This examination is based chiefly on the candidate's thesis and its relationship to the general field of education. No student is admitted to the oral examination unless he/ she has satisfied all previous requirements. This examination can be taken only after the thesis is in final form ready for final approval, and no earlier than the final term or semester of the candidate's program. Students who fail their oral examination may petition the Academic College Dean or designee for a second examination after an interval of six months has elapsed.

SPECIAL DEPARTMENTAL EXAMINATIONS

Students should consult with department chair or academic college dean or designee.

GRADUATION REQUIREMENTS

Minimum requirements for all master's degree students are listed below:

1. Notification of the program option the student is electing, or that is required (thesis, project or extra hours).
2. Completion of the required semester hours of coursework with a "B" average (3.00 GPA).
3. Completion of all departmental requirements.
4. Completion of the Graduation clearance process.

Program Options

Degree programs vary in requiring a thesis, project, or additional coursework. It is the responsibility of the student to be

knowledgeable of all departmental requirements. Students are strongly encouraged to consult with their departmental graduate adviser.

Thesis — (6 hours) The candidate electing to write a thesis will select a problem area of interest within his major field. The thesis will be directed by the student's major adviser, with the approval of the student's thesis committee. There is a two (2) year limit on completing the thesis, calculated from the date the student passed the Graduate Comprehensive Examination. From the time the Graduate Comprehensive Examination is taken a student is required to be in continuous enrollment until the degree is earned within the two-year limitation.

Project— (3 hours) The term "Project" is broadly conceived: it may be an experiment, a review of research, an analysis and evaluation of some psychological, educational or vocational problem related to the student's work or some other type of independent study. The specific nature, procedure and requirements of the project are to be arranged by the candidate and his adviser with the approval of appropriate departmental faculty members or chairs. A minimum of 33 semester hours is required for this option. The results of the Project are to be reported in written form according to an acceptable stylistic format.

Additional Coursework—The student, in consultation with his/her adviser will select at least two additional courses to extend, expand or supplement his area of specialization.

The content and methods of conducting these examinations are the responsibility of the college, school or department.

GRADUATE RECORD EXAMINATION, (GRE) and MILLER ANALOGIES TEST (MAT).

Candidates for degrees at Jackson State University may be required to take the Aptitude Test and may be required to take the Advanced Test in their field of specialization. Information with regard to dates and fees may be secured from the JSU Testing Center (www.jsums.edu/dta) or by writing to Educational Testing Service, 20 Nassau Street, Princeton, New Jersey 08540 (www.ets.org). Students should consult with department chair for specific departmental requirements.

If the student fails the written examination, the program has the option of administering an oral examination as an immediate second chance attempt to pass the examination. The Final Oral Examination is administered by a committee of at least three graduate faculty to students who write theses or projects. This examination is based chiefly on the candidate's research and its relationship to the general field of education. No student is admitted to the oral examination unless he/she has satisfied all previous requirements. This examination can be taken only after the thesis is in final form ready for final approval, and no earlier than the final term or semester of the candidate's program. GENERAL STATEMENTS

GENERAL PHILOSOPHY ON ACADEMIC RECORDS

Jackson State University maintains a permanent academic record for each student enrolled. The Permanent Academic Record contains those grades received from course work completed at Jackson State University along with any transfer of courses and credits from any other accredited institution of higher learning that is used by JSU to fulfill the degree requirements. All records are confidential. Academic records are considered property of the University. Opportunities are provided for students to inspect and to control the release of information contained in their records in accordance with the Family Education Rights and Privacy Act (FERPA) of 1974. The purpose of FERPA is to afford certain rights to students concerning their education records. The primary rights afforded are the right to inspect and review the education records, the right to seek to have the records amended, and the right to have some control over the disclosure of information from those records. The Act applies to all education records maintained by JSU that are directly related to a student. Records containing a student's name, social security number or other personally identifiable information are covered by FERPA.

The Retention and Disposal of Student Records: The Office of the Registrar and Records currently maintains academic records for students previously and currently enrolled. Academic records are stored on the mainframe computer located in the Office of Information Management with systems backup conducted nightly. Academic records that are not retrievable through computer access are stored on microfilm as well as a CD-ROM document imaging system located in the Registrar's Office. An additional copy of the microfilm, and CD-ROM disks are maintained at an off-site location, with duplicate copies of microfiche being stored in a steel vault located in the Office of Information Management. Once the information contained in the academic record has been electronically reproduced, the hardcopy document may be destroyed. However, the contents of those records can be reproduced at such time that the student requests personal examination or disclosure of the academic record be forwarded to another institution of higher learning, a potential or present employer, or any person or persons so designated by the student. The student must make a written request to have the academic record released. The academic record is generated and printed on transcript security paper that prevents duplicating or printing an official copy outside the Office of the Registrar and Records.

To file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA should be done with

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave., SW
Washington, DC 20202-4605.

TRANSCRIPTS

Transcript requests are made electronically or in writing and directed to the Office of the Registrar and Records. Transcripts may also be requested online at www.jsums.edu. The transcript is a student's complete and permanent academic record. It shows all undergraduate and/or graduate work completed, results, and degrees awarded at JSU. In addition, a summary of transfer credit is listed and detailed course work may be included. After the last enrollment period, transcript totals are shown. The Office of the Registrar and Records will not release transcripts received from other schools and colleges.

The current cost for each transcript is \$7.50. Checks or money orders should be made payable to Jackson State University. Transcripts can only be released for students having no outstanding financial obligations to the University. Transcripts are also held if the student has incomplete admissions files. Fees are not refunded under any circumstance.

Name and Address Change

A student who has had a change in name after his/her last registration must provide the University with the appropriate documentation that substantiates the legal name change. This must be submitted to the Office of the Registrar and Records prior to the student's next registration. Registration under a name different from that used in the student's last enrollment cannot be accomplished without appropriate documentation, which becomes a part of the student's permanent file. All grade reports and transcripts are issued under the student's legal name as recorded in the Office of the Registrar and Records.

A student who has had a change of address after his/her last registration must provide the University the new address by completing the appropriate form. This form may be secured from the Office of the Registrar and Records. All transcripts will be mailed to the location of the new address.

Student Participation in Institutional Governance

As constituents of the university community, students are free, individually and collectively, to express their own position on institutional policies and on matters of general interest and on matters of general interest to the student body. The organization serves as a vehicle for students to participate in the formulation of university policies directly affecting them. Students also may participate in the decision-making process through active membership on *ad hoc* and standing committees as specified in the University's policies on committee structure.

RESIDENCE REQUIREMENTS

Jackson State University applies the definitions and conditions as required by the State of Mississippi in the classification of students as residents or non-residents for the assessment of fees. Initial residency classification of an applicant for admission is determined at the time of admission. The University holds the student responsible for knowing and registering under their correct residential status. A student who willfully registers their status incorrectly will be subject to disciplinary action or dismissal and required to pay the fees they would have otherwise been required to pay. The following classifications will apply:

A MINOR- The residence of a person less than 21 years of age is that of the father. After the death of the father, the residence of the minor is that of the mother. If the parents are divorced, the residence of the minor is that of the parent who was granted custody by the court; or, if custody was not granted, the residence continues to be that of the father. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent's death,

unless the minor lives with a legal guardian of their person duly appointed by a proper court of Mississippi, in which case his/her residence becomes that of the guardian.

AN ADULT- The residence of an adult is that place where they are domiciled, that is, the place where they physically reside with the intention of remaining indefinitely or of returning permanently when temporarily absent.

REMOVAL OF PARENTS FROM MISSISSIPPI- If the parents of a minor who is enrolled as a student in an institution of higher learning move their legal residence from the State of Mississippi, the minor is immediately classified as a nonresident student.

TWELVE MONTHS OF RESIDENCE REQUIRED- No student may be admitted to the University as a resident of Mississippi unless their residence, as defined here in above, has been the State of Mississippi for a continuous period of at least 12 months immediately preceding their admission.

RESIDENCY PETITIONS- Nonresidents may petition the institution for a change of residency classification. A person who enters the State of Mississippi from another state and enters a system institution is considered a nonresident. Provided, however, that any person who has attained 21 years of age and has thereafter established residency and resided within the State of Mississippi for 12 consecutive months after attaining 21 years of age upon sworn affidavit and other representation, may petition the particular institution for a change of residency classification for the purposes of fees and tuition assessment. The institution may make reasonable inquiry into the validity of the petitioner's claim. Such petition of change of residency must be made on or before the last day a student may register at a particular institution without penalty.

RESIDENCE STATUS OF A MARRIED STUDENT- A married student may claim the residence of the spouse, or may claim independent resident status under the same regulation, set forth above, as any other adult.

CHILDREN OF PARENTS WHO ARE EMPLOYED BY THE UNIVERSITY- Children of parents who are members of the faculty or staff may be classified as residents without regard to the residence requirement of 12 months.

MILITARY PERSONNEL ASSIGNED ON ACTIVE DUTY STATIONED IN MISSISSIPPI- Members of the U. S. armed forces on extended active duty and stationed within the State of Mississippi may be classified as residents, without regard to the residence requirement of 12 months, for the purpose of attendance at the University. Residence status of such military personnel who are not legal residents of Mississippi (as defined in Section 37-103-12 of House Bill 409, passed during the 1988 Session of the Mississippi Legislature) shall terminate upon their reassignment for duty in the continental United States outside Mississippi.

CHILDREN OF MILITARY PERSONNEL - Residence status of children of members of the armed forces on extended active duty shall be that of the military parent for the purpose of attending the University during the time that their military parent are stationed within the State of Mississippi and shall be continued through the time that military parents are stationed in an overseas area with last duty assignment within the State of Mississippi. Residence status of minor children shall terminate upon reassignment under permanent change of station orders of their military parents for duty in the continental United States outside of the State of Mississippi excepting temporary training assignments en route from Mississippi.

CERTIFICATION OF RESIDENCE OF MILITARY PERSONNEL - A military person on active duty stationed in Mississippi who wishes to avail her/himself or their dependents of the provisions of the paragraph titled "MILITARY PERSONNEL ASSIGNED ON ACTIVE DUTY STATIONED IN MISSISSIPPI" must submit a certificate from the military organization showing the name of the military member, the name of the dependent, if for a dependent, the name of the organization of assignment and its address (may be in the letterhead), that the military member will be on active duty stationed in Mississippi on the date of registration in the University; that the military member is not on transfer orders; and the signature of the commanding officer, the adjutant, or the personnel officer of the unit of assignment with the signers' rank and title. A military certificate must be presented to the Registrar each semester within 10 days prior to registration for the provisions of the paragraph "MILITARY PERSONNEL ASSIGNED ON ACTIVE DUTY STATIONED IN MISSISSIPPI," to be effective.

FAMILIES OF STUDENT- The spouse and children of a nonresident student who pays or receives a waiver of the NONRESIDENT fee may enroll at the University upon payment of the appropriate fees charged to a resident. Nonresident fees for spouses and children of part-time resident students will be prorated.

ALIENS- All aliens are classified as non-residents except those aliens lawfully admitted for permanent residence in the United States, and who reside in the State of Mississippi. An alien who petitions to be declared a resident of the State of Mississippi must prove that they have been accorded permanent residence by the United States Immigration and Naturalization Service. The alien petitioner must also prove their intent to remain in the State of Mississippi.
