

JACKSON STATE UNIVERSITY

Division of Graduate Studies

Committee Approval Form

It is established policy that the student selects his/her advisor with consent of the department chair. The advisor assists the student in the formation of a committee: (1) A dissertation committee consists of five graduate faculty members, (2) A master's thesis or project committee consists of three graduate faculty members. (3) External members of a committee must be members of the Jackson State University graduate faculty. This form constitutes a student's committee and documents approval of the student's research proposal by the student's committee. The signature of each committee member validates their approval of the proposal.

To the student, please complete all of the "typed" areas prior to printing the form and obtaining the necessary signatures.
