

# How to Download and Install Adobe Acrobat DC

Use the Adobe Document Cloud for the web to access your files online. You can easily create PDFs, convert PDF files, combine files, organize pages, share documents, and more from any web browser.

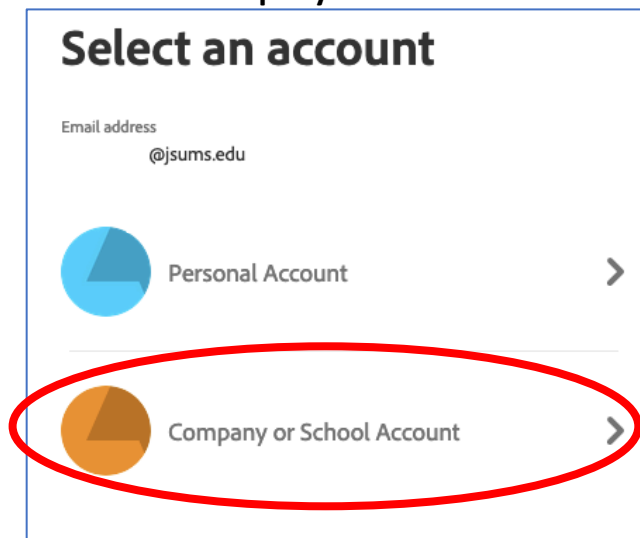

## Sign in to your Adobe Account

1. Go to [www.adobe.com](http://www.adobe.com) in any web browser.
2. Located at the top right-hand side of the screen, click **Sign In**.
3. Sign in using your J Number email address. Click **Continue**.

The screenshot shows the Adobe Sign in interface. At the top left, the text "Sign in" is displayed in a large, bold, black font. Below it, the text "New user? [Create an account](#)" is shown in a smaller black font. Underneath, the label "Email address" is positioned above a text input field containing "JNumber@jsums.edu". A blue "Continue" button is located in the bottom right corner of the form area.

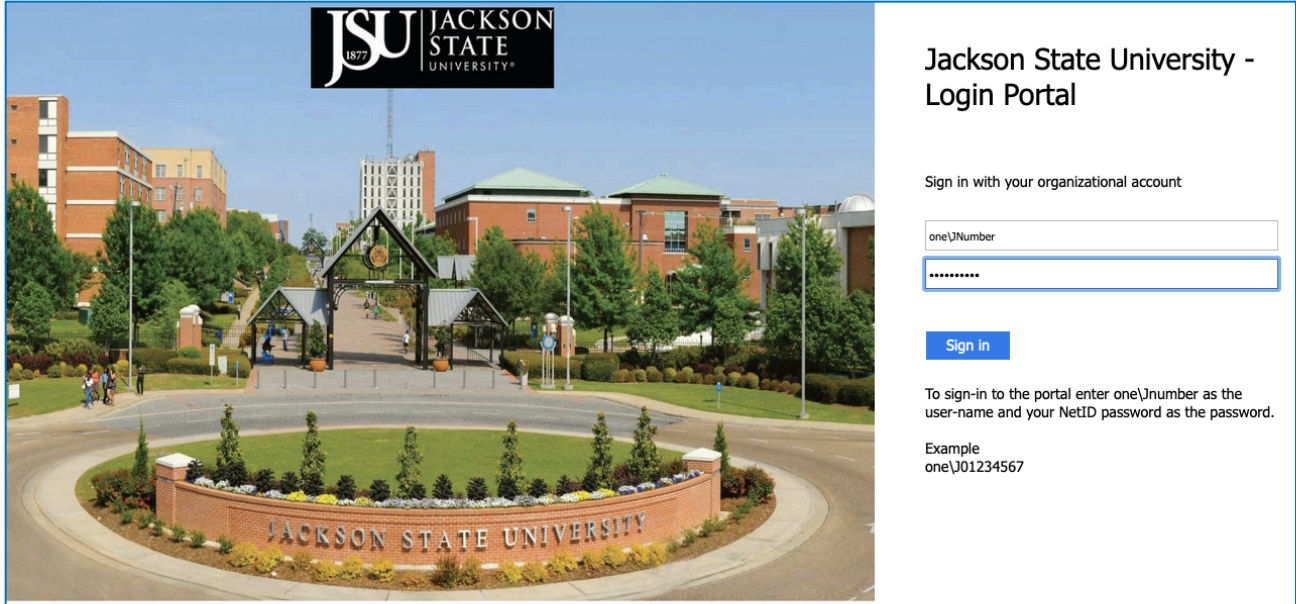

4. Click **Company or School Account**.

The screenshot shows the Adobe "Select an account" page. At the top left, the text "Select an account" is displayed in a large, bold, black font. Below it, the text "Email address" is positioned above a text input field containing "@jsums.edu". There are two account options listed below: "Personal Account" with a blue circular icon and "Company or School Account" with an orange circular icon. The "Company or School Account" option is circled in red. Both options have a right-pointing chevron icon next to them.

5. On the Jackson State University Login Portal, log in using the following credentials.

## Download Adobe Acrobat DC on a Desktop

1. Start the Installer. Based on which browser you are using, follow the instructions to open the binary setup (Windows) or DMG (Mac) file and start the installer.
  - In **Chrome**, double-click the downloaded file, which you can see in the browser window's lower-left corner.
  - In **Firefox**, save the file, then double-click the downloaded file, which can be seen by clicking the Show All Downloads icon in the window's upper-right corner.
  - In **Safari**, double-click the downloaded file, which you can see by clicking the Show Downloads icon in the upper-right corner of the window.
  - In **Microsoft Edge**, click Run.
2. Launch Acrobat.
  - In **Windows**, a User Account Control prompt appears. Click Yes. When the installation is complete, click Launch Acrobat.
  - In **macOS**, an Adobe Acrobat installer screen appears. Double-click the installer icon to begin installation; if an alert message appears, click Open. When the installation is complete, click Launch Acrobat.
