Professional Interdisci

Offering you...

- ✓ **Easy Access**
- ✓ **Customized Studies**
- ✓ **Cooperative Learning Groups**
- ✓ **Distance, Evening and Weekend Classes**

The **Bachelor of Science in Professional Interdisciplinary Studies Degree Program** is a cohort-based program for the mature adult who seeks a nontraditional method of obtaining a bachelor's degree. This flexible degree program is tailored to meet the career needs of participants and takes into consideration your experiences prior to enrolling in college.

Is this program for you? Yes!

Choose between study options in General Interdisciplinary Studies and Professional Interdisciplinary Studies with professional concentrations in Commercial Recreation & Resorts and Faith-Based Leadership.

- **General Interdisciplinary Studies**

Majoring in General Interdisciplinary Studies will prepare you for a broad spectrum of employment opportunities in such career fields as Communications, Humanities and Fine Arts, Natural Sciences, Education, Behavioral and Social Science, and more!

- **Commercial Recreation and Resorts**

A specialization in Commercial Recreation and Resorts will prepare you for work at casinos, convention centers, cruise ships, resorts, hotels, electronic game rooms and facilities, air travel, and other commercial gaming environments. You will learn skills in events planning, program development and management, conflict resolution, promotions and fiscal practices.

- **Faith-Based Leadership**

This specialization will prepare you to work in faith-based, non-profit and social service agencies, including entities such as churches, charities, overseas missions, community organizations and other social service agencies. Specifically, you may chart careers in leadership, administration, fiscal management, public relations, grantsmanship, and community development.

The SMWCTI, Southwest Mississippi World Class Teaching Initiative, is one of six World Class Teaching Programs that supports Mississippi teachers as they seek National Board certification.

The SMWCTI Mentoring Program pairs groups of selected National Board candidates with experienced, devoted, knowledgeable, and caring mentors who are National Board Certified teachers. During the mentoring sessions, the mentors guide and support candidates through the National Board process. The sessions also allow teachers the opportunity to network with other teachers in their teaching areas in order to collaboratively brainstorm and discuss standards, current trends, and effective teaching strategies.

Migrant Education Program

Programa de Educacion Migrante

The Migrant Education Program

The Migrant Education Program (MEP) is a federally-funded program designed to provide supplementary educational and supportive services to ensure that migrant children receive the opportunity to fully benefit from the same public education provided to other children.

Goal of the MEP

The goal of the program is to ensure that migrant students reach challenging academic standards and graduate with a high school diploma (or complete a GED) that prepares them for responsible citizenship, further learning, and productive employment.

Definition of "Migrant Child"

A migrant child is a child who is, or whose parent, spouse, or guardian is a migratory agricultural worker or migratory fisher, and who, in the preceding 36 months, has moved from one school district to another, to obtain or accompany such parent, spouse, or guardian, in order to obtain temporary or seasonal employment in agricultural or fishing work as a principal means of livelihood.

Eligibility for the MEP

To qualify for the program, a migrant child or youth must:

- Be 21 or younger and has not graduated from high school or earned a high school equivalency certificate
- Have moved across state or school district lines within the past 36 months to enable the guardian or member of the family to obtain temporary or seasonal employment in a qualifying agricultural or fishing activity which serves as the principal means of livelihood.

Temporary or Seasonal Employment includes:

- Farming- planting, cultivating, harvesting of farm crops and fish farms
- Livestock- dairy farming, poultry, hogs, cattle, etc.

ACADEMIC CREDIT COURSES FOR INDUSTRIAL TECHNOLOGY CERTIFICATES

About the Industrial Certificate Programs

The programs in industrial technology (IT) allow participants to earn certifications in five different areas. Because of the quick advancements in technology it is necessary for employees to have a variety of skills and knowledge. The certificate programs prepare students for the constantly evolving world of industrial technology by providing hands-on experience and a rich knowledge base in each student's area of interest. The programs offer a variety of specializations to choose from and cover many interests and career goals.

The curriculum of each program is designed to enhance the industrial technology skills of those already in the field and introduce IT to beginners. All certificate programs require between 18 and 27 academic hours. Only courses that will be offered this semester are identified below. The remaining courses will be identified in subsequent bulletins; or a student may request a copy of the complete certificate program from the College of Lifelong Learning.

INDUSTRIAL MANAGEMENT CERTIFICATE

This certificate program is designed to meet the challenges of management in an industrial environment. This is a comprehensive program designed to provide industry supervisors with the critical management, technology, safety and business skills they need to succeed. (18 academic credit hour program.)

ITMA 105 Industrial Safety and Management
