Bachelor of Music in Music Education (BME) - Keyboard Emphasis

The Bachelor of Music in Music Education major provides each student a curriculum which develops a fundamental skill set in music with specific training in Music Education. Coursework in music begins during the first semester of the freshman year in order that the comprehensive curriculum aligns with the general education requirements during the 4-5 year course of study. Majors should earn passing scores on Praxis I and Praxis II exams and plan their course selections carefully with a departmental advisor. A copy of this plan must be submitted to the main office of the music department and the office of the college advisor by the assigned deadline (see college advisor for precise date) in order to be approved in the Dean's Office.
