DL 602: Creating Quizzes, Surveys, and Assessments in Blackboard

Length: 3 Hours

Seat Availability: 15 (per session)

Course Description:

Introduces participants to creating three types of assessments and explains how the assessments interact with the Grade book tool.

Prerequisite:

Participants must have completed DL 501- Introduction to Blackboard.

Learning Outcomes:

- Create a test in a Content or Control Panel area to include different question types.
- Learn how to set test options and deploy in a content area.
- Upload test questions using Excel and Word.
- Export and Import a Test or Survey from a test bank.
- Build a test pool.
- Create a Survey and learn to read survey results/submissions.
- Create a Self/Peer assessment.
