SUPPLEMENTAL CONTENT ENDORSEMENT AREAS:

Many schools and programs require Special Education teachers to have a content endorsement in addition to their Special Education licensure. The Mississippi Department of Education offers several pathways to achieve this. Routes to licensure can be found in the MDE document entitled, "Licensure Guidelines K-12," available at <u>http://www.mde.k12.ms.us/docs/educator-licensure/licensure-guidelines-k12-.pdf?sfvrsn=0</u>, and includes subjects that can be added by taking an additional Praxis Subject Area exam.

Another optional route includes the completion of "Acceptable Coursework in Core Academic Subject Area Endorsements," found at <u>http://www.mde.k12.ms.us/docs/educator-licensure/acceptable-coursework-list-revised-06-14.pdf?sfvrsn=0</u>. Supplemental Endorsements may be added with course work having a prefix in the specific endorsement area (course work must have a grade of "C" or higher). Courses with prefixes below may be counted toward an add-on endorsement in the areas listed. A minimum of 21 semester hours will be required to add. Education methods courses may not be counted toward supplemental endorsements.
