

BACHELOR OF BUSINESS ADMINISTRATION MANAGEMENT

The Management program provides outstanding business Management training designed to produce ethical, technologically advanced, creative, and diverse global leaders in the field of business management. The program provides an overall capacity to enrich its trainees with a general management skill acquisition in terms of business communication skills, problem solving skills, business analytics skills, and critical thinking skills. It enables students to develop managerial skills in critical business decision making, and insights into business management strategies. Trainees are prepared for jobs at various entry level management positions as business owner operators, or corporate management trainees in industry, as well as human resources management, supply chain management, strategic management, business law, and business financial management.
